Kennedy Federalizes Troops In Alabama School Row

BIRMINGHAM, Ala. (AP) — School integration came for 20 Negro children today in three cities after President John F. Kennedy stripped Gov. George C. Wallace of his control over 17,000 Alabama National Guardsmen.

All was quiet at most of the five schools desegregated at Birmingham, Mobile and Tuskegee.

But disorders broke out at West End High School in Birmingham where students started a boycott of classrooms which normally are attended by about 1,500. The students yelled displeasure of the Negroes being admitted.

Crowds gathered and male segregationists scuffled with police. Several arrests were made, then reinforcements of police and sheriff's deputies arrived to get the situation under control.

Thirteen Negroes entered school at Tuskegee and two went into a high school at Mobile in addition to the five at Birmingham. Three arrests were made at Mobile but the situation generally was quiet and orderly.

At Huntsville, four pupils not affected by Wallace's barring of Negroes from schools yesterday in the three other cities went back to class for the second day. One first grader walked into the building alone after his father let him out of a car nearby.

Wallace, who had ordered the National Guard out early today only to see Kennedy take control of the soldiers, continued to decline comment on the day's events. There still was no answer as to why he let Negroes into school at Huntsville yesterday while barring them in the other cities.

High officials of the Justice Department observed the start of interracial school days in Birmingham.

An Army spokesman announced that 200 federalized National Guardsmen are moving from Tuscaloosa to a Birmingham armory "as a routine precautionary measure."

He said they would be available if local authorities asked assistance in maintaining law and order, adding that there is no indication now that their services will be needed.

Two teen-age Negroes walked into Murphy High School at Mobile before 7:30 a.m. to become the first of their race to attend school with white pupils in the state at the high school level. The Huntsville desegregation involved grammar and junior high schools.

Guardsmen under Wallace's control for a few hours went on duty before dawn at the Mobile school. But they withdrew later to an armory under Kennedy's federalization proclamation.

Police were on guard at another high school and a grammar school in Birmingham but were needed only to direct traffic, and there was little of that. Demonstrators, who clashed with police last Wednesday when desegregation was first scheduled, were absent today.

One white man was arrested at West End when he refused an order to move on.

Only a few white pupils were seen entering West End. Some of these came out when the demonstrators asked them to do so. People on porches in the neighborhood applauded those who left the building.

An apple was thrown at the car of a man who brought his children to the school and watched them enter.

City police were at the scene in increasing numbers.

Wallace called the Guard into service shortly after midnight to keep Negroes out of white schools at Birmingham, Mobile and Tuskegee. President Kennedy promptly federalized the guard to remove control from the governor.

STUDENTS JEER

West End High School students yell insults and wave a Confederate flag and a picture of Gov. George Wallace as they demonstrate at Birmingham, Ala., following admittance of two Negroes today. Hours after the demonstration was broken up by the police, students roamed the streets in cars, shouting taunts at officers. (AP Wirephoto)

Youth's Body Is Found At Span; May Be Price

His Name Stenciled On Socks

The body of a young man, tentatively identified as 20-year-old Hickman Price III, was found floating in the moat surrounding the south tower of the Golden Gate Bridge

The identification was made by California Highway Patrolman Kenneth Beadleston, who helped recover the body, on the basis that black socks on the body were stenciled with the name of Hickman Price III.

The body was also clad in a pair of pegged corduroy trousers and a plaid sports shirt.

CAR FOUND

Price, whose Mercedes-Benz sports car was found abandoned in the parking lot of the bridge toll plaza, was a son of Hickman Price Jr., former assistant secretary of commerce, and Mrs. Margaret Price, vice chairman of the Democratic National Committee.

The body was spotted by steelworkers on the bridge at 9:45 a.m. A Coast Guard boat was sent and Beadleston rode the elevator down inside the tower to assist in the recovery.

Bridge and highway patrol officials said it was possible to jump from the bridge into the moat, from which it is impossible for a body to wash in or out.

AUTOPSY DUE

However, they said, it would be "fairly hard" to spot the body from the bridge unless it was floating around the outer portion of the moat.

San Francisco coroner's deputies were to take the body

Brown Speaks Out Against Partisanship

Both Criticizes, Defends Unruh For State Trend

SACRAMENTO (AP)—Gov. Edmund G. Brown, both defending and criticizing Assembly Speaker Jesse M. Unruh, spoke out today against what he viewed as growing partisanship in the California legislature.

The Democratic governor said he wasn't blaming anybody but he said the trend wasn't good for the state.

"I hope we can find ways to break it down," he said.

FIRST PRESS TALK

Brown told his first Capitol news conference since returning from Europe—and first since July 24—that Unruh did not help the situation by locking up Assembly Republicans for refusing to vote on the state budget at the recent special session.

But he added that the Democratic speaker has contributed greatly to the state, declaring "he has been far better for good than for bad."

The governor also:

Said he disagreed with many of the resolutions adopted by California Young Democrats but that he refused to heed Republican demands to repudiate them. (See story on page 12).

Laughed off reports that both he and ailing Sen. Clair Engle, (D-Calif.), would resign and Lt. Gov. Glenn M. Anderson would appoint Brown to the Senate.

Marin's Property Tax Levy To Go Up By $3.5 Million

Bills May Be Smaller Where School Bond Load Decreasing

Marin County's total property tax levy will go up three and one-half million dollars this fiscal year, but some San Rafael, Corte Madera and North Marin residents will find their tax bills smaller.

This was reported to the county board of supervisors today by County Auditor-Controller Michael Mitchell.

The auditor said the total tax bill in the county will rise 13.8 per cent to a record high of $28,447,767. Last year's tax bill totaled $24,977,341.

This levy covers 108 governmental entities, he said.

Schools will get 57 per cent of the money, Mitchell reported. County government will get 25.2 per cent, city governments 9.4 per cent, and special districts 8.4 per cent.

Despite the rise in the total, however, residents in several areas will pay lower taxes than last year, largely because of reductions in school bond loads.

Mitchell selected 12 representative taxing code areas and calculated for each the tax effect on the owner of a home of $20,000 market value, or $4,600 assessed value.

Total taxes on such a home would range from a low of $263.23 in Tomales to a high of $488.75 in Mill Valley, he reported.

Decreases for homes which have not been reappraised at higher value since last year will be welcomed by taxpayers in North Marin, San Rafael, and Corte Madera. But there will be increases in Larkspur, Mill Valley, San Anselmo, Sausalito, Tiburon, and Tomales.

The "typical" home appraised at $20,000 will pay total taxes as follows, with the increases or decreases applying if there has been no change in

Tax-Cut Bill Is Approved By House Unit

WASHINGTON (AP) — The House Ways and Mean Committee in effect approved President John F. Kennedy's 11-billion-dollar tax cut bill today.

The committee voted on strict party lines, 15-10, to direct Chairman Wilbur D. Mills, (D-Ark.), to introduce the bill finally agreed on after more than half a year's work.

Formal committee approval has to await introduction of the bill, and this vote is to be taken later in the day.

Before the final vote on introducing the bill, the committee narrowly defeated a Republican motion that would have written a mandatory spending limit into the cut.

Two minor amendments were adopted, but they left the bill essentially in the same form as the committee drafted it last month.

It centers on an across-the-board cut in both personal and corporate income taxes. The administration is pushing for enactment in time to make the cut felt with January withholding from pay envelopes.

Defective Wiring Blamed For Fire

Defective electrical wiring was blamed for a fire at 2175 Fallon Road, north of Tomales, yesterday at 4:30 p.m. which caused $1,000 of damage to property of Richard Miller.

The fire burned the side of a building and a quarter acre of grass. Fire Warden Roy Madson suffered a cut finger when glass in a window shattered. He was treated by a private doctor.

Wonderful Weather Great Way To Start School Again

Thousands of Marin youngsters headed back to school today in a quiet, "normal" opening day which school superintendents marked as unusual only because of the "wonderful" weather.

San Rafael, Dixie, Sausalito and Fairfax public schools, along with Catholic parochial schools, opened last week. But for nearly all the rest, it was opening day today.

"Ah, everything is very beautiful," remarked teacher-principal Mrs. John Brennan of the Nicasio School overlooking Nicasio Reservoir. Her calm was undisturbed by her 42 students in grades one through eight who began school today in their bucolic setting.

"It's a beautiful day—that's unusual," commented Howard Brose from his outpost in the West Marin School District on the coast. As superintendent-principal-part-time teacher, he reported 264 students enrolled today in the district's two schools.

In at least two districts there were the expected overcrowded classrooms as additions are being constructed. The first, second and third grade classes of the Wade Thomas School in San Anselmo were on double sessions. Each grade had a separate morning and afternoon session running from 8:20 a.m. to noon and from 12:30 to 4 p.m. The situation will be alleviated only in mid-February when an addition to the school is to be completed, Supt Stephen L. Parodi reported.

A total of 1,994 students were in San Anselmo schools today for the opening sessions, 32 more than opening day last year.

Contractors just made it at the Del Mar School of the Reed School District. At 4:30 p.m. Friday they wound up construction of three classrooms which a few days before had been only boards sitting on the ground. The school now has 11 rooms of the 22 it eventually will have for the departmentalized seventh and eighth grade classes which entered it for the first time today.

Attendance throughout the Reed district today was 1,366, compared to 1,407 students at school closing time in June.

Twelve classes of the Meadow Park School in the San Jose District went into double sessions today after six portable classrooms ordered from Hayward were delayed in delivery because of a fire at the fabricating plant.

No figures were available for high school enrollment of Novato Unified School District, but the five elementary schools

$3,000 More Is Pledged For Industrial Study

County Supervisor Byron W. Leydecker told his fellow members of the Marin board today that he has obtained $3,000 more in private pledges toward an economic and industrial survey of the county that he is sponsoring, so the county share of the $30,000 project is down to $12,000.

The latest pledges include $1,000 from the D. M. Christensen Construction Co. of San Rafael, which sent a check to make the matter final; the same amount from developer Harry Heifetz, and $500 pledges from Bel Marin Keys and the San Marin project.

Supervisor William A. Gnoss was credited with having drummed up the last two contributions.

Leydecker said there is likelihood that further pledges may further diminish the county cost.

"These people all understand that they have no say about the survey," said Leydecker reassuringly. Stanford Research Institute is to do the job of determining what industries would find Marin County an agreeable home and also be welcomed by Marinites.

There is a chance, too, that the state's extreme northern interior may have a few showers.

Council, Cayes Group To Meet

San Rafael City Council members and City Mgr. Dan E. Anderson will be guests of Lincoln Lumber Co., developers of San Rafael Cayes, at lunch tomorrow noon at Dominic's Harbor Restaurant.

Mayor John F. McInnis said the invitation was extended by Luther H. Lincoln, president of Lincoln Lumber and of San Rafael Sayes Co. McInnis said he assumed the purpose was to discuss councilmen's objections to inclusion of an extensive dike within an assessment district for financing the cayes development.

Married Men Now 'Safe' From Draft

WASHINGTON (UPI) — President John F. Kennedy today, in effect, exempted married men from the draft in a move that will relieve an estimated 340,000 young husbands from military service.

His executive order provided that husbands of draft age (from 19 through 25) will be called only if the pool of eligible single men is exhausted.

Board Orders Tax Districts Savings Survey

Three Marin County officials were instructed by the board of supervisors today to conduct a survey of possible savings through amalgamation of "multiple government units" such as the numerous special districts.

Supervisor Byron W. Leydeckerd, introduced the idea as a chore to be undertaken by county administrator Alan Bruce. Discussion resulted in teaming county counsel E. Warren McGuire and auditor-controller Michael Mitchell with Bruce.

Chairman Wiliam D. Fusselman variously assured Leydecker that his idea wasn't new, and that he shouldn't be to optimistic of fruitful results. But he did not oppose the project.

Leydecker thought the survey should take about three months. He said that "in the long run my inclination is for a city and county of Marin." But meanwhile, he indicated, his concern was over the "uneconomic special districts and other units".

YOUNG DEMOCRATS CALLED APPEASERS

GOP Says Brown Should Clear Air Over Adoption Of Foreign Policy Proposals

SAN FRANCISCO (AP) — Joseph Martin Jr., California Republican national committeeman, wants Gov. Edmund G. Brown to repudiate "the philosophy of appeasing communist practices" which Martin says is contained in the foreign policy proposals adopted by California's Young Democrats.

The proposals were drafted last month in Berkeley and adopted formally Saturday night in San Diego. Among other things, the resolutions proposed:

Withdrawing U.S. troops from Viet Nam over a six month period, and stopping financial aid to the Oriental country.

Admitting Communist China to the United Nations.

Recognizing the Communist German Democratic Republic, provided that country grants the United States free access to West Berlin.

Resuming diplomatic relations and trade with Cuba.

State Republican chairman Caspar Weinberger in a statement yesterday said the Young Democrats were advocating "dangerously irresponsible policies." He said the resolutions "are even out of step with their own national administration."

Martin telegraphed Brown that California Democratic chairman Eugene Wyman had already repudiated the resolutions, but that Brown's repudiation was essential, in order "to clear the air on this."

Martin said Californians had a right to know which Democratic faction their governor adheres to ."

John F. McCarthy (R-San Rafael), State Senate minority leader, called the Young Democratic platform "a frightening echo of the Moscow party line . .. " He, too, called for its repudiation by "all state Democratic leaders."

McCarthy said he could not understand why Brown, Atty. Gen. Stanley Mosk and Wyman had not publicly rejected the Young Democrats' resolutions.

"Their silence can only mean that they either agree with these left-wing positions or they do not have the political or moral courage to stand up to the growing element of ultra-left thought within the Democratic Party," McCarthy said.

Wyman earlier had offered implied criticism of the Young Democrats but at the same time defended the group's right to express its views.

"The Young Democrats," he said, "a small organization numbering under 5,000 individuals, do not speak for the Democratic Party or even for the millions of young people in California who are Democratically inclined.

"This weekend they were off on an independent frolic in San Diego, speaking only for themselves."

Assembly Speaker Jesse M. Unruh (D-Inglewood) said he didn't agree with the content of many of the resolutions, "and I am happy to note that more responsible forces were able to tone down many additional proposals.

"The organization has a right to take whatever position a majority of its membership wishes, and I have no intention of criticizing them even though I disagree vehemently with the content of the resolutions."

73 Senators For Passage Of Ban Treaty

WASHINGTON (AP)—Seventy-three of the Senate's 100 members either are committed to or are inclined now to vote for ratification of the limited nuclear test-ban treaty, an Associated Press survey showed today.

But 27 senators either are opposed to approval or have grave reservations about a treaty that would ban all but underground testing. Of this group 12 have either announced their opposition or have voted in committee against the treaty. Fifteen are listed as doubtful.

If this lineup held, the treaty, on which the Senate resumes debate today, would be ratified by a comfortable but not an internationally impressive margin. If all 100 senators voted, ratification would require 67 affirmative votes.

Outright opposition to ratification has come from eight Southern Democrats and three Western and a Texas Republican.

Those who have announced opposition include Democratic Sens. **Harry F. Byrd** of Virginia, **Robert C. Byrd** of West Virginia, **James O. Eastland** of Mississippi, **Russell B. Long** of Louisiana, **A. Willis Robertson** of Virginia, **Richard B. Russell** of Georgia, **John Stennis** of Mississippi and **Strom Thurmond** of South Carolina.

Republicans who oppose ratification include Sens. **Wallace F. Bennett** of Utah, **Carl T. Curtis** of Nebraska, **Barry Goldwater** of Arizona and **John G. Tower** of Texas.

Listed as doubtful are eight Democrats and seven Republicans. They are:

Democrats—Sens. **Alan Bible** and **Howard W. Cannon** of Nevada, **Paul H. Douglas** of Illinois, **Sam J. Ervin Jr.** of North Carolina, **Ernest Gruening** of Alaska, **Henry M. Jackson** of Washington, **Olin D. Johnston** of South Carolina and **John McClellan** of Arkansas.

Republicans—Sens. **Peter H. Dominick** of Colorado, **Roman L. Hruska** of Nebraska, **Len B. Jordan** of Idaho, **Jack Miller** of Iowa, **James B. Pearson** of Kansas, **Milward L. Simpson** of Wyoming and **Margaret Chase Smith** of Maine.

Ballet Student Dies Of Rabies

ROME (AP)—A British ballet student died early today in a Rome hospital of rabies from a dog bite in the face.

Diana Celia Hall, 12, of Bradford, was bitten at the ballet academy of the Roma Opera Theater on Aug. 23 by a black police dog known to all students at the school.

The dog was found to be rabid and was destroyed. Diana was given anti-rabies injections. Doctors said the treatment often is ineffective when someone has been bitten in the upper areas of the body, from where the rabies virus can travel more quickly to the central nervous system.

Muir Commemorative Stamp Planned

The stamp was to be issued late this year but a multi-color printing of the 5-cent stamp delayed its issue.

Kennedy Says U.S. Should Be Patient In South Viet Nam

WASHINGTON (AP) — President John F. Kennedy says the United States must pursue a policy of patience in South Viet Nam and avoid a get-tough slash in aid.

An aid cut, Kennedy said last night, might bring about a collapse of the Vietnamese government of Ngo Dinh Diem and open all of Southeast Asia to the threat of a Communist take-over.

The president, in a nationally televised interview on NBC's Huntley-Brinkley Report, conceded there was no easy solution to the Vietnamese problem marked by internal opposition to the Diem regime and the government's- wide spread arrests of Buddhists and students.

Kennedy expressed the administration viewpoint in these words:

"We are using our influence to persuade the government there to take those steps which will win back support. That takes some time and we must be patient, we must persist."

He expressed concern that Americans might get impatient and urge a U.S. withdrawal from South Viet Nam.

"That only makes it easy for the Communists," Kennedy said. "I think we should stay. We should use our influence in as effective a way as we can, but we should not withdraw."

On other topics, Kennedy said:

The United States would sound a very uncertain trumpet around the globe should the Senate refuse to ratify the limited nuclear testban treaty "after the government has committed itself to it."

The federal budget will be balanced more quickly than otherwise if Congress passes an 11-billion dollar tax cut this year to stimulate the economy.

It would be "a fatal mistake" to let civil rights "divide this country politically into Negroes and whites."

Kennedy doesn't know if he will meet this fall with President Tito of Communist Yugoslavia.

Legionnaires' Cannon Blast Injured Four

MIAMI BEACH, Fla. (AP) — A small cannon exploded during the annual parade of the American Legion convention last night. Four persons were injured.

The cannon exploded just as the parade was ending. One of the injured, Lester Cordell of Tulsa, Okla., said, "I was standing on the sidewalk when the gun went past. The guy with the fuse asked me to light it. I did with my cigarette lighter and it went off."

The blast smashed a plate glass window.

Also hurt were members of the gun crew, Philip Harness, 55, of Elkins, W. Va., Escar Wilcher of Miami, and Paul Fearer, 43 of Miami. All four men suffered burns on the face, hands, arms and chest.

The organization's 45th annual convention formally opens today.

Secretary of State Dean Rusk was to speak at a banquet tonight and Legion officials said he was expected to deliver a major policy address.

Resolutions will be drafted tomorrow and Thursday and election of a national commander and five vice commanders will close the convention Thursday afternoon.

Dan F. Foley of Wabasha, Minn., is expected to succeed James E. Powers as national commander. Foley is opposed by Joe L. Matthews of Fort Worth, Texas.

NEW YORK (AP) — Lawyer James B. Donovan says he will help negotiate a proposed agreement for an exchange of "peace hostages" with the Soviet Union.

Donovan negotiated the release of the Bay of Pigs invasion prisoners in Cuba and has engineered swaps with the Russians.

Level Of Cholesterol, Heart Disease Linked

NEW YORK (AP) — In a carefully watched group of Americans, those with high cholesterol levels not only develop more coronary disease, but they develop it more frequently — and it leads more often to a fatal heart attack.

That is one verdict from a study of 5,127 men and women in Framingham, Mass., reported today by Dr. William B. Kannel of the National Heart Institute.

It may not mean that cholesterol itself is the culprit, he said. But as cholesterol — one kind of blood fat — goes, so go other blood fat measurements.

If there is a set of suggestions a doctor might offer a patient, Kannel said, they might be something like this:

Get up and exercise, eat a less rich diet, less of foods with saturated fats, smoke fewer cigarettes; and if you have high blood pressure, get it lowered, and if you are overweight, lose weight.

SCOUTING LEADER DESCRIBES GOALS

Investment In County's Program Through United Crusade Urged To Aid Boys, Girls

This is the third in a series of articles about various United Crusade agencies as seen through the eyes of persons who know of their work from personal experience. Today's article on the Boy Scouts was written by William P. Murray Jr., president of the Bank of Marin and business division chairman for the coming United Crusade campaign. Member of a Scouting family, Murray as a boy joined Troop 10 of San Rafael and attained the rank of Eagle. He is currently vice president of the Marin County Boy Scout Council.

By WILLIAM P. MURRAY JR.

Recently I came across a rather battered copy of a Boy Scouts Year Book. James E. West, then chief Scout executive, wrote in the foreword:

"The growing boy and girl are the chief assests of our country. Our natural resources . . . and large business opportunities, important as they are, must be considered as of secondary imprortance compared with the proper development of the citizens of tomorrow."

This was written in 1918, but it expresses very well, I believe, the main goal of the Boy Scouts today.

Scouting has contributed effectively to the development of the boys of America for more than 50 years. Through the Boy Scout program emphasizing character building, citizenship training, and physical fitness, many thousands of men have been helped to become good citizens and community leaders.

I personally value Scouting because of the wide scope of outdoor, social service, and vocational experience it offers a boy. It also offers the opportunity of leadership through the concept of placing a boy of natural talent in a leadership position, training him to lead, and supporting his leadership.

It is especially important today that our Scouting program be strong and aggressive in order to reach the ever-increasing number of Scout-age boys.

In the 1930's, when I was a member of Troop 10 of San Rafael, there were only about 450 Scouts in 21 troops in Marin County. Now we have more than 4,000 Cubs, Scouts, and Explorers, in 121 units with 1,700 adult volunteers.

An investment in Scouting through the United Crusade will help make it possible for more boys to take part in this program which does so much for the youth of today.

Spanish master chefs say roast turkey is made more succulent and moist if brushed with olive oil before and during cooking.

Crusade's Campaign To To Telescoped

Marin's United Crusade campaign this year will be telescoped into the briefest possible time, Charles J. Francis, chairman, announced today.

Of the eight campaign divisions, three will stage one-day drives, Francis said. Four others will have a two-week drives, and only one division will continue its drive for as long as a month.

Start-and-stop dates have been assigned all divisions. The dates range over a period of several weeks in order to permit campaign leaders to devote their maximum efforts to each drive, Francis said.

Although October is designated United Crusade month, three divisions will launch their campaigns in mid-September. Francis announced the following schedule of division campaign dates:

Sept. 15-Oct. 15: Professional.

Sept. 17-Oct. 1: Construction, Commerce and Industry.

Oct. 1: Business.

Oct. 1-15: Advance Gifts, Public Employes.

Oct. 14: Education.

Oct. 16: Residential.

All solicitation in the seven on-the-job divisions is scheduled to be completed before the residential drive on Oct. 16.

Goal of the county-wide campaign is $155,343.

Another Report Of Cherry Bomb

Another cherry bomb was tossed at a car at White's Hill but fortunately no one was hurt, Sheriff's Deputy Joseph Kendricks reported today.

Willis M. Walton of Centura Road, Lagunitas, told officers he was westbound on White's Hill Sunday night when three teen-agers in an oncoming car threw something at his car. The bomb exploded harmlessly outside the car.

Walton said he turned around and gave chase, getting the license number of the boys' car.

Sheriff's inspectors issued another appeal to all Marin residents to turn in any cherry bombs which may still be in the hands of children.

Inspectors Bowen Bridges and Marco Melovich said the more they study the effects of the cherry bomb, the more they are convinced of the devastating effects of the device.

For example, just last July a man swimming under water suffered a crushed skull when a cherry bomb was detonated under the surface.

Apparently the destructive force of the bomb is magnified when exploded under water.

In another case, a boy's eye was gouged out by a cherry bomb blast. And these bombs are made in the United States.

The one that hurt three girls at Eat'n' Run Restaurant in Kentfield on Sept. 2 were made in Mexico.

Pro-Reds Troops Gain Footing In Vientiane

VIENTIANE, Laos (UPI)—Pro-Communist Pathet Lao troops will remain in Vientiane despite the pre-dawn clash with rival right-wing soldiers that resulted in the death of a civilian yesterday, it was announced today.

The announcement came after a meeting between right-wing strongman Gen. Phoumi Nosovan and Phoumi Vongvichit, a Pathet Lao leader. Also sitting in on the meeting were the ambassadors of Britain and Soviet Russia — co-chairmen of the Geneva conference on Laos — and members of the International Control Commission (ICC).

A communique said Gen. Phoumi promised his troops would cooperate with Pathet Lao representatives and the ICC. It said that conditions for the stationing of the pro-Communist troops in the administrative capital will be studied at a joint committee.

Neutralist Premier Prince Souvanna Phouma accused the Pathet Lao of refusing to cooperate in the three-faction government in a prepared statement as he left by plane en route to the U.N. General Assembly in New York.

Saigon Nips Riot Plan By Students

SAIGON, Viet Nam (AP) — A government show of force today squelched plans of Saigon high school students for their biggest demonstration against President Ngo Dinh Diem's regime.

Teen-agers at three schools again banged on their desks and shouted insults at marines, infantrymen and combat police outside, but quieted down quickly when authorities indicated the security forces would move in.

More than 1,000 students were arrested Saturday and yesterday.

Today no arrests were seen by newsmen at any of the three schools. Military authorities had occupied at least three other schools before dawn.

Motorbicycle Found, Windshield Missing

A motorcycle was found parked in the middle of Quarry Road by San Rafael Police Officer David Vargo at 6:44 p.m. yesterday with its windshield removed.

The owner, Kenneth Doyle Wright of 102 G Street, San Rafael, told police that he had left the motor bike parked in his garage. He valued the windshield at $7.

Sanitary Board Hires Helper

William W. Newland of Mill Valley, maintenance man for the County Public Works Department, was hired in a similar capacity by the Corte Madera Sanitary District board last night.

Newland, a retired Navy man will assist Maintenance Supt. John Comes in maintenance and repair at $558 a month after his two-week notice to his present superiors has expired.

Filling of the position was the only business before an adjourned meeting. The board next will meet at its next regular time at 7:30 p.m. Oct. 1 in district headquarters, 500 Tamalpais Drive.

Bon Air Subdivision On Larkspur Agenda

Architect R. R. Zahm will submit plans for 16 apartments in Bon Air subdivision 5 to the Larkspur planning commission at 8 p.m. today in city hall.

The commission will consider a Pacific Telephone and Telegraph Co. request for a variance to enlarge its equipment building on King Street, and may discuss amending the zoning ordinance.

SCHOOLS

Continued from page 1

of the district had a first-day total of 2,705 pupils up from last year's beginning enrollment of 2,474.

The one-room school of the Lincoln School District opened with 16 students in grades one through six, reported as the "largest number for years" by teacher-principal Mrs. David Van Pelt.

Tomales High School reported 200 students, up 30 from last year for the highest enrollment ever.

Larkspur District reported a decrease from 1,831 on opening day a year ago to today's 1,775 students. Supt. Milton S. Cohen said the drop probably was due to the opening of four additional classes by St. Patrick's Parochial School in Larkspur.

Other district totals for opening day: Mill Valley, 3,350 pupils, compared to an opening day figure of 3,246 last year; Kentfield district, 1,488 compared to 1,453 last year; Ross, 524 compared to 504 last year; Tomales elementary, 122, about the same as last year.

San Rafael Military Academy, which opened its doors to students on Sunday, reported enrollment at 256, the highest in the school's history.

Pupils in the Tamalpais High School District will start school tomorrow, as will those in the Bolinas-Stinson Beach Elementary District. Tam High students will forego the traditional opening ceremonies at Mead Open Air Theater, as it is closed for repairs.

Hospital Care Might Cost County

Marin County may have to pony up another $18,000 this fiscal year to meet obligations for hospital and convalescent care for indigent patients, county Administrator Alan Bruce told the board of supervisors today.

His figures were based on projections of figures of costs for July and August. The county has budgeted $274,000.

The increase, Bruce said, will be due to a sharp in the number of cases, especially persons under 65 years old, who do not qualify under the federally supported Medical Aid to the Aged program.

Auditor-Controller Michael Mitchell told the board the average daily costs for county patients at Marin General and San Rafael General hospitals have dropped slightly in the past year. The cost at Marin General is now $49.96 a day and at San Rafael General $42.23 a day, compared to $51.23 and $42.46, respectively, last year.

Meeting Postponed

The Kentfield Civic League board did not have a quorum last night and postponed its meeting to 8 p.m. next Monday in the Gillis Realty Co. office, Allen G. Wright, president, reported today.

Sausalito Salesman Found Dead

A Sausalito salesman was found dead in the workshop of his home at 112 Crescent Avenue early today, an apparent suicide victim.

Wayne Boulton Tolman, 46, had apparently placed a plastic cleaning bag over his head, Asst. Coroner William C. Bradley said. He had disconnected the gas from the dryer, connected a copper tube to the dryer, put the tube in his mouth and inhaled gas fumes.

Bradley said cause of death was suicide and said the reason was apparently "finances." Tolman left no note, Bradley said.

Tolman, who worked for Deckelman Brothers of Oakland, a beauty and barber shop equipment and supply firm, was last seen at 11:30 a.m. Sunday by his two roommates, Leroy B. Mangus and Ronald Gonsalves.

Mangus and Gonsalves at that time left the house to visit Gonsalves' parents in Rio Linda. They reported that Tolman drove away from their home at the same time. Mangus told Sausalito police he returned home at 12:45 a.m. today and found Tolman's body in the workshop. He called police at 12:49 a.m.

Tolman, unmarried, was born in Utah. He had lived in Sausalito three years and in California 13 years.

He is survived by two brothers, Ward and Dale Tolman of Bountiful, Utah. Burial will be in Bountiful, directed by Russon Brothers Funeral Directors, Salt Lake City.

$700 In Jewelry Stolen From Car

About $700 worth of jewelry disappeared from a locked car while the owner was deer hunting in Inverness last Sunday, Deputy Sheriff Martin Conlin reported today.

The victim of the theft was Richard L. Lee, 26, insurance salesman of 4676 Paradise Drive, Tiburon. Lee was hunting on the property of Frank P. Myer at the end of Paradise Acres Road in Inverness.

He returned to his car about 7:15 p.m. and found the right wind wing forced open. Jewelry was missing from the glove compartment and a transistor radio and a pair of binoculars from the front seat.

Meeting Reset

The Corte Madera Planning Commission is unable to get a quorum for its meeting set for tonight and has reset the meeting for 7:30 p.m. Friday in town hall, secretary Elizabeth Long announced.

Named William L. Becker of San Francisco as his staff assistant for human rights. Becker has been a lobbyist for the California Committee for Fair Practices.

Brown took note of Republican criticism over his departure on a European trip before the close of the 1963 legislative session.

He said he left only after his tax revision bills went through and he felt certain that enactment of the supplemental state budget would follow.

The governor characterized the Republican complaints as trivia.

from the Fort Point Life Boat Station to establish more positive identification and perform an autopsy.

Price, a student at Stanford University, was reported last seen a few hours before his sports car was spotted parked at the bridge by a clerk at the Stanford University Bookstore where he bought a book Tuesday.

Loal Behr, 19-year-old daughter of Marin County Supervisor Peter H. Behr of Mill Valley talked with Price on the preceeding Saturday. Police have been unable to trace where Price went between Saturday and Tuesday.

Price's parents, at a news conference last week, said they thought their son possibly was a victim of foul play rather than a suicide.

TAX

Continued from page 1

its appraisal since last year, Mitchell reported:

In Marinwood, $437.69, down $34.96 from 1962; in Novato, $430.79, down $22.08, in Terra Linda, $430.33, down $15.64; in San Rafael, $380.19, down $11.04; in Fairfax, $461.15, down $2.76; in Corte Madera, $479.55, down $1.38.

In Tiburon, $451.95, up $3.68; in Sausalito, $425.73, up $9.20; in San Anselmo, $468.51, up $13.57; in Larkspur, $473.11, up $17.48; in Tomales, $253.23, up $21.85, and in Mill Valley, $488.75, up $27.14.

Mitchell noted the total bills and amount of decrease or increase would not be uniform for all homes of same appaisal in each community, because of overlapping taxing districts in some cases.

Novato was subject of a prompt query and Mitchell explained that the heavy increase was due to a considerable reduction in costs of Novato Unified School District, down $26.22 this year for the owner of a $20,000 property.

He added that the Novato figures could be misleading because they would apply only if valuation were unchanged, whereas the recent reappraisal in this area by the assessor's office has boosted many values by around 25 per cent.

Mitchell also appended a few areas of maximum tax rates, of which the highest was $11.325 per $100 assessed value in a small area within the city of Mill Valley south of Enchanted Knolls and part of Blithedale Avenue.

Reason for the high rate there, said Mtichell, was a situation of double taxation including 70 cents for the Alto-Richardson Bay Fire District additional to city tax which includes fire protection.

Tachometer Worth $65 Reported Stolen

A $65 tachometer was stolen from the car of Jay De Beaubien of Corte Madera in Mill Valley Motors at 16 Madrona Avenue, Mill Valley, De Beaubien told police yesterday.

Entrance was made into the garage Sunday between 1:30 and 7:30 a.m. by removing three screws from the lock hasp to double doors to the garage store room.

De Beaubien lives at 37 Stag Hound Road.

HENRY JONES

Henry L. Jones, 75, a retired Army major from San Francisco, died yesterday aboard a boat Sausalito after a fishing trip with some San Francisco friends.

Deputy Coroner Thomas A. Meisner said today cause of death apparently was a heart attack.

Jones had been sea fishing with Dr. and Mrs. Francis Romic of San Francisco. They made port about 5:30 p.m. and Jones helped tie up the yacht, Helnose, at pier 2, berth 128 in Sausalito Yacht Harbor. He then went below decks and collapsed, Meisner said.

Sausalito firemen gave Jones resuscitation for 25 minutes but he was pronounced dead on the arrival of Dr. C. G. Perry.

Jones had had a heart condition since 1958 and had been treated at Letterman General Hospital.

Funeral arrangements are pending at Halsted and Co., San Francisco.

IN INCUBATORS — The five sons born to Venezuela oil field worker Efren Prieto and his wife, Inez, are in incubators at Maracaibo University Hospital.

Quintuplets Growing Stronger

MARACAIBO, Venezuela (UPI) —The quintuplets born here Saturday were reported growing stronger by the hour today, although they all have lost weight.

Robinson, Fernando, Otto, Juan Jose and Mario Prieto, born two months prematurely to a 34-year-old grandmother, were being fed with eyedroppers by nurses using sterile rubber gloves built into the babies' incubators.

Today, the babies get their first bath—a gentle once-over with alcohol-soaked cotton.

Dr. Regulo Pachano Anez, the pediatrician attending the 3-day-old quints, said each of them has lost at least three and one-half ounces in weight since birth. He said, however, that it is normal for an infant to lose weight during the first day or two of life.

The babies weigh about three and one-half pounds each. The combined weight of all five is less than 18 pounds.

Pachano said little Otto, third-born of the infants, is "improving at a slightly slower rate" than the others, but his condition still is considered "acceptable."

Doctors decreed an "absolute end" yesterday to all visits for the quints and telephone calls to their mother, Mrs. Efren Prieto Nava, until they are stronger.

The phone in Mrs. Prieto's private room was disconnected and a round-the-clock police guard was posted at her door to keep overeager well-wishers away. She was under sedation, getting much-needed sleep.

The special staff assigned to take care of the infants numbers more than 20 persons, not counting the three policemen on duty at Mrs. Prieto's door.

Regular telephone inquiries about the infants' health came from such Venezuelan notables as President Romulo Betancourt and Gov. Luis Vera Gomez of Zulia state.

Pachano said numerous business firms, individuals and government agencies have offered gifts to the babies, including savings accounts, clothes and scholarships.

Unconfirmed reports say either the state or the national government will subsidize the parents, whose modest means —Prieto earns $350 a month as an oilfield worker—are not sufficient to allow him to support Venezuela's first quintuplets and their seven other children as well.

Car Rolls Over Off Harbor Drive

Two persons escaped with bruises about 12:20 p.m. yesterday when their car rolled over off Harbor Drive in the Black Point area.

The driver, Richard L. Thorne, 21, of 374 Sunset Trail, Novato, told the California Highway Patrol his right front tire blew out, throwing the car into a ditch, as he was driving north.

A passenger, Wendell Carey, was reported taken to Novato Hospital but the hospital had no record of him.

Burglars Take $10

Burglars took $10 and a coin collection from a residence at 83 Knight Drive on Aug. 31, Mrs. Anna Marie Boyle reported to San Rafael police yesterday. Mrs. Boyle said she left a door open when she went downtown on that date.

Vandals Hit School

Vandals broke a window to gain entrance into Vallecito School in Terra Linda over the weekend and attempt to pry open the coin box on a soft drink machine, Vice Principal Gerhard E. Lust reported to San Rafael police yesterday.

Concours d'Elegance Scheduled On Sept. 29 For Benefit Of Home

Luxurious cars, magnificent homes, a pipe band and a motorized ricksha will all be part of the Concours d'Elegance scheduled September 29 at the Peacock Cap Country Club.

The event, centered around a showing of cars such as A.C. Cobra and a Ferrari-Berlinetta, is a benefit for the Florence Crittenton Home in San Francisco and is sponsored by the home's Marin circle.

The cars will be judged at 11 a.m. Honorary judges will include San Rafael Mayor John McGinnis and Judge Richard M. Sims Jr. Awards will be made for excellence in 16 classes.

Three homes, one featuring an indoor swimming pool, another a winner of a national home design award, and the third with an Oriental motif and view of the bay will be open for public inspection during the day. Transportation to the homes will be in a motorized ricksha or by stage coach.

Also scheduled during the event is a fashion show, music played by members of the San Francisco Police Pipe Band and an art show.

Mrs. Edward B. Hayden, Mill Valley, is chairman of Concours arrangements. Central office for tickets and entry forms is the San Rafael Chamber of Commerce.

California School Race Census Urged

SACRAMENTO (AP) — State education officials fighting segregation moved today to try to take a racial census in the California public schools.

The idea was proposed yesterday to a committee of college professors summoned to Sacramento by Dr. Maxwell Rafferty, state superintendent of public instruction, to furnish advice on the problem of de factor school segregation.

Committee members said the State Education Department could use the count to find ways of helping local districts correct racial imbalances in schools in segregated neighborhoods.

It would be done voluntarily by the districts, with the information passed on to the state.

Rafferty said the census will be a tough assignment, since most districts don't classify students by race.

But informed there was general agreement among the committee that the racial data will be helpful, he said "I'll try to get it."

Some districts have already started racial counts of their own, but others have declined to do it.

Rafferty warned that "time is running out" in the effort to solve the segregation problem."

"We want help and we want it desperately, and I'm not kidding," he said.

Rafferty raised the possibility of a campaign to convince the general public that ending de facto segregation will help white children as well as Negroes.

He said he wanted material on the educational value of interracial student bodies.

"If we can deduce some positive educational value, then we will be way ahead," he said.

Dr. Bernard Cohen, associate professor of sociology at Stanford University, spoke of studies showing the harm done to youngsters by sending them to schools attended only by members of their own social class.

"This is the type of thing we need very badly and we want it in a form that can be easily translated to the lay public," Rafferty said.

Rafferty also asked if "there is any body of opinion that segregation is desirable?"

"Not even among southern sociologists," replied one committee member.

Rafferty said he will seek funds from Gov. Edmund G. Brown and Finance Director Hale Champion to continue the committee.

He said he wanted it to work with a state commission helping districts with the de facto segregation problem.

The committee also decided to broaden its membership to include Negroes and Mexican-Americans.

Wife Is Injured In Truck Crash

A Stinson Beach woman complained of back pain after her husband's southbound pickup truck left Shoreline Highway about one mile north of the Bolinas turnoff, hit a eucalyptus tree and caught fire about 11:30 last night, the California Highway Patrol reported.

Sheila McMullen, 24, was taken to Marin General Hospital and transferred to Kaiser Foundation Hospital, San Francisco, where her condition today was good.

County firemen put out the fire and Bolinas firemen also responded. The driver, Philip McMullen, 32, carpenter, said that he swerved to avoid an oncoming car and his truck went off the left side of the road. He was cited for having no driver's license.

Early saws made of stone were believed first used in the Neolithic period.

No Marin Helicopters Before 1964

Marin residents won't have a regular helicopter service operating from the county before early in 1964.

Though SFO Helicopter Airlines has been granted federal permission to operate from Marin, the company has not decided on a Marin heliport site, John J. Cunningham, vice president, reported today.

Sites under consideration include the one planned for the Civic Center area, one near Corte Madera, and another nearer San Francisco, Cunningham said. Service to Marin also is closely allied with the company's finding a permanent downtown San Francisco site and the decision whether the company will expand first to other Bay Area counties.

Education Trends Workshop Topic

"Education's changing trends" is the topic of the California Teacher's Assn. workshop to be given Oct. 2 from 3:45 to 8:30 p.m. at Redwood High School, Robert B. Kent, president of the sponsoring Marin Coordinating Council, said today.

Dr. John Goodlad, professor of education at University of California at Los Angles and an expert in team teaching, will be keynote speaker.

Workshop sessions, said Kent, will include discussions on the culturally deprived student, pressure groups and censorship, reading and the slow learner, and teacher-school board relationships.

HE WAS FIT TO BE TIED

Wife Who Left Husband With Knotty Problem Back

SOUTH PLAINFIELD, N.J. (UPI) — A blonde, blue-eyed mother of three returned home last night and told her husband she deserted him for 24 hours because "I just wanted to teach you a lesson."

It was some lesson at that.

Pretty Marie Toth, 21, who stands five feet three inches, posed a knotty problem for her husband, Julius, 24, Sunday night when she tied him hand and foot to a chair to demonstrate "a rope trick I saw on television."

"Are you sure you can't get loose?" she asked him.

"Can't budge," he said. "Now what's the trick?"

She then took his car keys, wallet and their three children, aged 3 years to 4 months, and exclaimed, "I'm leaving you and taking the kids and car with me."

Just to make the lesson stronger yesterday she sent his wallet back to him—minus $6.

"I was fit to be tied," auto body repairman Toth told police.

"It's not that I want her back," he said, "but a man in my position just has to have a car."

Passengers Hurt In Three-Car Crash On Bridge

Two passengers were bruised in a three-car chain-reaction crash on Golden Gate Bridge about 4:40 p.m. yesterday.

Southbound traffic was snarled several minutes afterward.

The California Highway Patrol reported a southbound car driven by Thomas M. Medina, 49, of San Francisco, trimmer for Koch Luggage Co., Corte Madera, hit the rear of a car driven by Billy Edward Graham, 31, salesman of 611 Main Street, Sausalito.

A moment later, said Officer Frank Webb, a car driven by Jessie G. Adams, 25, San Francisco laborer, hit the rear of Medina's car. Medina was cited for following too closely.

James Miller, 35, and Melvin Walker, 26, both San Francisco, riding with Medina, were bruised but declined treatment.

Subdivision Changes On Plan Agenda

San Rafael Planning Commission will discuss changes in the subdivision regulations to allow the city to void any transfers of ownership that involve illegal subdivision of land at 7:30 p.m. today in City Hall.

City Planner James R. Garrett will present the proposed amendment and tell of discussions with the city attorney on the question.

The question arose some time ago with the sale of a lot which had been divided into two substandard parcels and then sold without city permission.

Two other recent cases which may fit the proposed changes have come before the planning commission recently.

Also on the agenda is a request for architectural approvel for a office and store building on Fourth and Mary Streets, and office building on Second Street near Hayes Street, and a rubbish dump on the tidelands of East Francisco Boulevard.

Santa Fe Recommended For Western Control

WASHINGTON (AP) — An examiner for the Interstate Commerce Commission recommended yesterday that Santa Fe railway be permitted to acquire control of Western Pacific.

The examiner, Paul C. Albus, recommended that a rival bid for W.P. control, entered by Southern Pacific, be denied.

Albus made his report after lengthy hearings in San Francisco two years ago.

His findings are subject to review by the ICC finance division, consisting of three commissioners.

Southern Pacific initiated the proposed merger, saying the consolidation could save at least 5.6 million dollars a year in operating costs by eliminating duplicating facilities.

A spokesman for S.P. said the company would have no comment until the Albus report can be analyzed.

President Frederic B. Whitman of Western Pacific said he was confident the ICC would sustain the examiner's report. He added: "We hope the proceeding will be accelerated . . ."

President Ernest S. Marsh of Santa Fe said the Albus report was "highly gratifying," and that confirmation by the ICC would be "in the public interest and would make a major contribution to the dynamic and continuing growth of the West."

'Thrown Rock' Turns Out To Be Golf Ball

Mrs. Robert E. Wickersham reported to Mill Valley police at 6:20 p.m. yesterday that a rock had been thrown through a window of her home at 1 Glen Drive.

Later in the evening, however, Wickersham called police to say the rock turned out to be a golf ball. The Municipal Golf Course is nearby.

Sanitary Unit To Buy Heavy Duty Pumps

The Novato Sanitary District will purchase and install two heavy duty pumps to take care of the extra water during this winter's rainy season, the board decided last night.

Cost of the pumps and installation was estimated at $10,000 by J. Warren Nute, the district's engineer.

At its Aug. 13, meeting, the board hired Bala and Strandgaard, Corte Madera engineers, to make a study of best methods of handling the surplus water in the sewage system during the winter rains. Stanley Bala last night outlined a system which would cost the district approximately $20,000. The board then decided to adopt the plan proposed by its own engineer.

The Novato Sanitary District also:

1. Changed the date for its second meeting each month from the fourth Wednesday to the third Thursday.

2. Annexed two lots on Marion Avenue belonging to Allen Anderson and Stanley Scott.

3. Hired Kathryn Scott as secretary to the board to replace Kathleen Simpkins, whose work at the Novato City Hall has increased until she canot handle the sanitary board work.

Dixie Board To Discuss Tax Stand

The Dixie School District board will discuss whether to take a stand on the proposed 50-cent tax limit increase proposed by the San Rafael High School District in an Oct. 8 election at its meeting tomorrow at 8 p.m. at the district office, 4775 Redwood Highway.

Walter J. Doll, San Rafael Board of Education member and former chairman of the Dixie board, already has spoken to the Dixie board about the tax election, but no action was taken at the time. Dixie District is within San Rafael High School District.

Also on the agenda is a proposal to purchase a $1,000 language laboratory. The board already has tentative approval under the National Defense Education Act.

The board will also discuss the new state law allowing some kindergarten students to be advanced early to the first grade.

Mayor McInnis' Sporty Car Is Quite Frustrated Too

"A fantastic mess."

These were the cruel words used by an annoyed San Rafael resident the other day in sizing up the traffic problems currently besetting his fair city.

He addressed, as it happened, a fellow-motorist. Mayor John F. McInnis not only drives a car but it is a car of sporting character, though 100 per cent American and not one of these pesky imports. That by the same token means that it has a little beef and a lot of horsepower, also some length.

Consequently there was no news in the plaint of the citizen who said that whereas a dozen years ago San Rafael was "an ideal suburban community" with various amenities now gone or vanishing, including orderly traffic, the traffic situation now is costing the merchants business and giving the town a bad name.

"San Rafael should seek outside expert advice on a traffic plan," counseled the correspondent. "The city should follow this plan . . ."

It was sound criticism and nobody knew this better than Mayor McInnis though in reply he mildly protested that "our local topography, the hills, the canal, Highway 101, create such a problem that no simple solution was available." Therefore McInnis explained that—

"The comprehensive traffic survey completed by Dan Coleman Associates for the City Council one year ago provides the basis for our present plans to correct the traffic problem. While the planning is accomplished, the physical rearrangement that is necessary to complete the plan requires rather extensive work by the State of California."

McInnis has personally been on the job in this respect as those in touch with municipal affairs are well aware. A recent Sacramento visit resulted in allocation of a million and a half dollars to "the San Rafael problem area."

Additionally the State Division of Highways has budgeted funds to start work early next year, weather permitting. San Rafael in this connection has spent a quarter-million for acquisition of right-of-way and construction. The city is prepared to let contracts to complete the city's portion of the overall change coincident with state construction which will have vast effects not only on Highway 101 but on the approaches to stretch well out and away from it with welcome elimination of such messes as the Irwin Street bottleneck.

"The overall correction is really in process and we expect the visible fruit thereof to be evident in 1964," McInnis assured his correspondent.

While all of us have chafed for months and years, we believe that happiness is somewhere ahead for everybody including the mayor's sporty car.

But we might as well be realistic. About a year of real chaos is likely before the job is done and we can change the name "San Rafael" to "Utopia." Meanwhile a lot of unflattering interim titles are likely to come to mind while the bulldozers doze and things get REALLY fouled up.

Marin's Golden Autumn

Heavy udders of grapes hang low upon the vines. Green trees stand out in sharp contrast to the burnished gold of the hills. Roses, fuchsias and amaryllis bloom on, but the summer annuals are past their prime and starting to die.

Some folks think Marin's golden autumn is her finest season. A subtle change is in the air. In contrast to Spring's floral fireworks, Nature seems to be taking it easy, preparing for winter's rest.

Spring's many children have grown up and will soon be on their own—baby birds and mammals. Everything is more relaxed after the competition of mating and rearing are past.

As a rule, autumn is a good season weatherwise here, with bright clear mornings and hot afternoons. In the late evening there is a foretaste of winter's nip to the skin.

We like it and hope you do too.

Don't Chuck A Duck Out When It's Raining In California

By DICK WEST

WASHINGTON (UPI)—When I arrived at the hotel suite for my interview with Imogene Coca, she was in the bedroom telephoning her children in California.

Presently she came into the parlor and reported that it was raining on the West Coast.

"It was raining so hard they didn't put the duck out all day long," she said.

Obviously she has very considerate children. Which figures. Miss Coca herself is certainly not the type who would chuck a duck out of the house on a rainy day.

I SHOULD EXPLAIN that Miss Coca is participating in what some press agent has labeled an "Aerothon." It's a gimmick to publicize her new television series, "Grindl," which premieres later this month.

An "Aerothon" requires her to fly to one city for breakfast, to another city for lunch and to another city for dinner.

Miss Coca is ideally suited for that type of tour because flying terrifies her.

"You're going to have a problem on this trip," she warned her traveling companion, Lindsay Durand.

"How so?" asked Miss Durand.

"I HAVE TO HAVE three drinks before I can get up enough nerve to board an airplane, and when I have three drinks I'm a problem," Miss Coca explained.

Actually, however, she was spoofing about the drinks. Miss Coca signed a temperance pledge when she was six years old.

I asked Miss Coca how she had managed to control her fear and she said she does it by daydreaming. While in the air, she dreams up situations where things go wrong with the plane and she performs some sort of heroic action.

Occasionally, she rushes into the crew compartment, grabs the controls and brings the plane down safely. But mostly she bravely stands in the aisle and calms the other passengers by singing.

This method has one basic defect, however. Miss Coca still hasn't decided what song she should sing.

She was leaning toward "Nearer My God To Thee" until Miss Durand reminded her that it was what the band played when the Titanic was sinking.

I told Miss Coca that whatever she sang she should skip the verse or she might not have time to finish the chorus. That cheered her a lot.

WHAT OUR READERS SAY

Covered Wagon Might Mire

Editor, Independent-Journal:

I must agree with Russel Bjorn's letter (Aug. 29) that our ancestors came out West to seek a better life with their own sweat and toil, but I do fear that if I were to proceed westward from this point, my covered wagon would get a bit soggy. Furthermore, where is there free land to homestead today?

Mr. Bjorn, let us stop living in the past and come back to the present. Consider the plight of millions of American workers whose jobs and trades have been replaced by automation. It is almost impossible for Negroes and young people to land steady work because of "lack of experience."

Al J. Hayes, AFL-CIO vice president, said in a recent broadcast, "It has been estimated that to provide job opportunities for our work force of the 1970's our economy will have to create at least 35 million new jobs — or 300,000 a month over the next ten years. However, instead of creating new jobs, automation will by that time have destroyed 22 million jobs that now exist."

NEVER DID IT?

Maybe You're Notable For Your Omissions

By HAL BOYLE

NEW YORK (AP)—What you haven't done tells me what kind of person you are almost as clearly as what you have done.

Write down a list of things you never did, or never tried to do, and it makes an oddly reverse biography, revealing to yourself as well as to strangers.

Just to get the game started, here's a partial list of thing not done by one man who, now past the half-century mark, never has—

OWNED A square inch of soil.

Piloted an airplane.

Tipped a head waiter to get a table.

Bawled out the same boss twice.

Kept a songbird—or a parrot—in a cage.

Bought or carried a briefcase.

Borrowed money from a millionaire.

PLAYED ANY musical instrument except a pocket comb covered with a piece of tissue paper.

Discovered any cure for hangovers except the passage of time.

Been arrested for jaywalking or littering the sidewalk.

Won first prize in any kind of lottery.

Learned any new dance since the fox trot.

Hunted any animal larger than a rabbit.

Cashed a check at an out-of-town bank.

STAYED AWAKE clear through a Wagnerian opera.

Spoken a foreign language.

Cooked any dish more complicated than bacon and scrambled eggs.

Learned how to tune a television set in—and wife out—at the same time.

Inherited money from friend, relative, or foe.

Knocked a man merely because he was successful. You can always find other grounds.

Failed to give a quarter to a panhandler without feeling guilty.

HAD A MANICURE in a barber shop.

Met a payroll—or missed a paycheck.

Kissed a red-haired girl with green eyes.

Felt a bigger sense of achievement than the first time he put a five-week-old infant over his shoulder and got it to give a big loud burp.

Looked up at the stars on a summer night without wondering where he'd come from—and where he'd go.

So what's on your list of things undone that helped make you who and what you are?

Funny geography: There's an Odear, Me., an Ash, Kan. and a Houdy, Miss.

Depressing news for male motorists: America now has more than 33 million women drivers.

Puzzle: If half a salted peanut will supply enough energy to fuel the brain for an hour of intense thought, why is it people in cocktail bars don't say more smart things?

A survey showed that England has the highest proportion of newspaper readers in the world. This is particularly true any day that Christine Keeler takes the stand.

TRY AND STOP ME

BENNETT CERF

Colonel Duffy reports that on Route 66, near Bloomington, Illinois, a motorist pulled into a filling station and slipped the attendant a note and a dollar bill. The note read: "My wife is in the back seat, concealing under the car rug a chair leg with a bent nail in the end. Whenever I go over 50 miles an hour, she wallops me over the head with the club." The attendant called the state police, who flagged down the car and confiscated the weapon.

Duffy's caption for this story is "Wife Begins at Fifty."

In Westchester, an earnest young miss was mighty unhappy over her report card. "But my dear," consoled her mother, "you've gotten an 'A' in everything. What more could you possibly ask for?"

Brushing back a tear, the little girl pointed to an identification line just under her name on the report card. "Look," she demanded. "In Sex they gave me an F—**and I didn't even know we were studying it.**"

REMEMBER WHEN?

10 YEARS AGO

William Seeger, assistant general manager of Marin Municipal Water District, said work is half completed on the Big Carson dam. The lake will more than double the capacity of all water district lakes.

20 YEARS AGO

Announcement was made that all Marin County cities had provided for honor rolls except San Rafael, Corte Madera and Ross.

Marin County dairymen reported difficulty in getting alfalfa hay and indications were that federal help might be required.

I-J REPORTER'S NOTEBOOK

By THERON NEWELL

Give Novato A City Seal And Run It Up The Flag Pole!

WORKMEN this past week have been erecting a new flag pole at the Novato Civic Center. There is nothing unusual about this, but it did give us thought.

The City Council is planning a dedication ceremony for the new city offices or Civic Center plaza in the remodeled former Presbyterian Church property. There is a difference of opinion on when the dedication should be held. The council is divided on holding it soon, or delaying it until the fourth anniversary of the city in January.

Ever since incorporation of the city, there has been a movement to get an official city seal. Several designs are now before the council pending an official selection of one.

PART OF the dedication ceremony will be an official raising of flags on the new flag pole.

We would like to make one suggestion. In addition to raising the United States flag and the Bear flag of California, the city could have an official city flag with the city seal.

Novato is the only city in Marin County with a true Civic Center plaza, so why shouldn't it be the only city to fly an official city flag along with the other two?

A MOST dastardly piece of vandalism happened recently in Novato. Certain things adults can forgive in children. We don't think anyone blames children for raiding a neighbor's fruit tree when it is heavy with ripened fruit. And certainly every boy in my generation stole a few watermelons from the neighbor's patch.

In this day of undisciplined children, there are those parents who don't give a second thought to their children setting grass fires and breaking windows.

How low must a person's mind be to desecrate the dead? I refer to the removal from the Simmons Lane cemetery of a gravestone which was hauled two miles and dumped on Sunset Parkway in Novato. Whoever did that must have been old enough to have a car.

A person that old should have been able to read: "Robert R. Enyeart, 1921-1935," and realize that it was for a 14-year-old boy. He should have been old enough to realize that he would cause anguish to the father, H. E. Enyeart of Marshall, who had to come to Novato and replace the stone.

WHILE we're on the subject of the unused cemetery on Simmons Lane, why doesn't the City of Novato find a way to take it over?

Someone needs to straighten up the headstones which vandals have knocked down. The unused portion of the cemetery would make a good playground for the neighborhood children.

Maybe when the city swimming pool is completed, the Parks and Recreation commission can turn its attention to this.

NOW THAT the first growing season for the liquidambar trees on Grant Avenue is drawing to a close, we would like to give a big bouquet to those merchants who helped water the trees in front of their stores. That added water has made some of the trees grow more lush foliage than the others.

And we would like to add to that bouquet something extra for those merchants who have planted and tended the flowers in the dirt in the sidewalk holes surrounding the trees.

Domestic Peace Corps Concept Sound But Needs Re-Draft

WASHINGTON — It may seem paradoxical to some that the international Peace Corps to aid underprivileged citizens abroad remains highly popular with Congress while the proposed "domestic Peace Corps" to aid underprivileged citizens at home is highly unpopular with Congress.

There's a reason.

The reason is that the international Peace Corps was rightly conceived as an arm of the Presidency, because it is an instrument of foreign policy.

But the planned "domestic Peace Corps" was badly conceived from the beginning. It was not embedded in local initiative. It represented to many a new kind of thrust by the national government into state and local responsibilities.

THE CONSEQUENCE is that the bill to create a National Service Agency recently passed the Senate by such a narrow margin (47 to 44) that, in its present form, it has virtually no chance of being approved by the House. And it had amendments attached to it which its supporters feel would cripple its operation.

Fortunately many of its sponsors in the Administration and in Congress are having second thoughts. They seem willing to have it redrafted to remove the defects which alienated so much Congressional support.

There were two main defects:

It made no clear provision for shared financing. Surely state and local agencies should bear part of the cost and participate fully in programming. This should be a pre-condition of Federal assistance.

It left it wholly in the hands of the Federal administrator to deploy the National Service Corps. There were not adequate safeguards against the new agency's becoming a political tool of any Federal administration in office.

I AM NOT suggesting that there are no needs and no opportunities for a National Service Agency to help state and local communities to cope with social problems. There are great and pressing needs, and the Federal government could do much to recruit the reservoir of volunteer workers.

What is now needed is a re-written bill. Here is another opportunity for Congress to assert its independence and take the initiative to shape a project to reflect its own ideas.

The opportunity is in the hands of the House Subcommittee on Labor and Education which will soon begin hearings. My information is that several members of the committee have been doing a good deal of work on how to improve the bill in order to rescue it.

THEIR CENTRAL idea is that the proposed National Service Agency should be set up as a quasi-Federal, quasi-public enterprise. It might be called the "Foundation for National Service" and its charter patterned after the National Science Foundation.

Such an arrangement would remove the project from possible political misuse.

THE ALLEN-SCOTT REPORT

Heavy Gold Drain May Result In Cutting Minimum Limit

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON—With direct Federal Reserve cooperation, the Kennedy administration is set to resort to a little-known emergency power in the event the continuing heavy drain of gold reserves slashes the total below the 25 per cent required for currency coverage.

When the country's gold reserves sink below the 12.3 billion dollars minimum necessary for currency backing, the Reserve board will suspend this statutory provision.

This extraordinary authority is included in the same decades-old law that established the 25 per cent currency coverage. The Reserve Board has never evoked it.

But Reserve Chairman William McC. Martin has agreed to do so if and when this grave monetary crisis arises.

PURPOSE OF this unprecedented action would be to make good the President's proclaimed intention to continue a "free gold" policy; that is, delivering gold for dollars on the demand of foreign creditors. He has declared that our entire gold reserves are available to back up the dollar in this manner.

Theasury Secty. Dillon has disclosed the Reserve Board's unannounced intention to congressional leaders with jurisdiction over the President's recently - submitted elaborate program to cope with the increasingly serious balance-of-payments-deficit problem — of which the persistent large loss of gold reserves is a key consequence.

Since 1958, the payments deficit has average around 3.5 billion dollars a year. In 1960 it soared to 3.9 billion dollars; this year it is running around 3.2 billion.

IN AN EFFORT to plug the menacing gold drain, the President proposes to tax the purchase of foreign securities; in effect, a "sales tax" on investments abroad. The Ways and Means Committee will act on this shortly.

The Reserve Board's highly significant position was revealed by Dillon at a meeting with the Joint Economic Committee, headed by Senator Paul Douglas (D-Ill). The committee is studying the complex balance-of-payments-deficit issue, and Dillon was closely questioned about administration measures to deal with it, particularly the continuing evaporation of the gold reserves.

Since 1952, they have plummened from 23.2 billion dollars to 15.6 billion dollars. That leaves only 3.3 billion dollars (over the 12.3 billion minimum) for meeting potential foreign claims of more than 22 billion dollars.

The bulk of this 7.6-billion-dollar loss in gold has gone to France, West Germany, Italy, Japan and other Western countries that have benefited enormously from U.S. economic and military aid.

During this period, U.S. foreign aid expenditures have been more than 45 billion dollars.

IF THE GOLD outflow continues at the hate it has in the past five year (around 1 billion a year), the reserves will sink below the required 25 per cent currency coverage by 1966-67.

Sen. Jack Miller (R.-Iowa) asked Dillon what happens then.

"You state that currency deflation is out of the question," said Miller. "It seems to me that if we continue at the rate we are going, within a matter of two or three years we won't have any free gold to deliver in payment of debts to foreign creditors. In that event, won't we have to devalue the dollar in the world market because we won't be able to deliver gold when it's demanded?"

This contention was flatly rejected by Dillon. The Treasury head emphatically asserted that devaluation of the dollar is wholly out of the question.

"While our laws require a 25 per cent cover for our currency in Federal Reserve deposits," declared Dillon, "our laws also provide that the Federal Reserve System in time of emergency has the right, on its own recognizance, to waive that requirement and to allow the sale of gold to continue.

THE CHAIRMAN of the Federal Reserve has stated that if the situation should arise, it would be his intention to make use of this authority.

Civil Rights Confuse A Nine-Year-Old

By ART BUCHWALD

WASHINGTON — You can talk all you want to about civil rights, you can be for it or be against it, but try sometime to explain it to a nine-year-old boy.

Recently we watched an excellent three-hour show, "The American Revolution of 1963," on television. Our son, having been cheated out of his usual TV fare, had nothing to do but watch it with us.

Since to him everybdoy is either a bad guy or a good guy, he was very confused.

"Why do the Negro people want to eat in the 5-and-10 cent store?" he asked us.

"Because the white people won't let them," we said.

"Why not?"

"Well, it's against their customs to have white people and Negro people eating together."

"What's a custom?" he wanted to know.

"It's something that people have been doing for many, many years and they don't want to change."

"But if the white people don't want the Negroes to eat there, why do the Negroes want to?"

"Because the Negroes spend money in the store and they get tired and hungry and thirsty and they feel they have a right to eat if they spend their money there."

"But there are white people sitting down with the Negroes!"

"Those are white people who feel that the Negroe should be allowed to eat in a 5-and-10. They're protesting with the Negroes."

"Why?"

"Because a lot of white people feel the Negoes have the same rights as white people and they want to do something about it."

A FEW MIUNTES later he said to us, "Why are the police beating up the people?"

"Because the Negroes are marching in the streets and they don't have a permit."

"Why are they marching in the streets?" he wanted to know.

"Because the white people won't let the Negro children go to white schools."

"Why not?"

"Because the white people say Negro children should go to their own schools."

"ARE THE Negro children bad?"

"No, they're not bad. They're like an other children."

"Then why don't the white people let the Negro children go to their schools?"

"Because it's custom."

"Why are the police arresting the priest and the ministers?"

"Because they believe the Negroes should have the same rights as the white people and they're willing to go to jail to show their sympathy."

"I THOUGHT only bad people went to jail," he said.

"Not any more. Good people go to jail now to show how bad other people are. They get arrested for violating the law."

"I don't get it," he said.

He took it for another five minutes and then he said, "I'd rather watch 'Wagon Train.'"

"So would a lot of people, son. So would a lot of people."

Cards Keep Pressure On L. A.; Braves Streaking, Too

By ASSOCIATED PRESS

Curt Simmons, admittedly working on his "second career," has reached another lofty plateau while moving the challenging St. Louis Cardinals to within three games of the National League leading Los Angeles Dodgers.

The 34-year-old left-hander posted the 30th shutout of his career last night, stopping the Chicago Cubs 6-0 on five hits as the streaking Cardinals kept the pressure on the Dodgers by rolling to their 12th victory in 13 games.

The Cardinals haven't been this close to the front-runners since July 4. The Dodgers, who were not scheduled last night, have 19 games remaining to the Cardinals' 17, including a three-game series between the two teams at St. Louis starting next Monday.

While Simmons took care of the pitching, Bill White took care of the punch for the Cardinals, becoming the third National Leaguer this season to reach the 100-RBI level by driving in three runs with a double and two singles.

Tonight, the Cardinals will again play the Cubs, sending Bob Gibson, 16-8, to the mound against Chicago's Glen Hobbie, 7-9. The Dodgers will start Sandy Koufax, 22-5, at Pittsburgh against Don Cardwell, 13-13.

In the only other N.L. games scheduled yesterday, thir-place Milwaukee swept a doubleheader from Cincinnati 9-2 and 7-4, and the New York Mets defeated Philadelphia 6-3.

Kansas City knocked off the American League leading New York Yankees 7-6, the Chicago White Sox belted Baltimore 9-4, 9-4, Minnesota whipped Cleveland 7-4, Boston downed the Los Angeles Angels 5-2 and Detroit took a pair from Washington, 1-0 and 10-7.

Simmons, registering his second straight shutout and his fifth of the season, got into his only jam in the sixth inning when he was touched for a double and an infield hit with two out. Simmons then bore down and got Ron Santo to pop up.

Rookie Bob Sadowski won his fourth straight game for the Braves in the opener, limiting the Reds to six hits and bringing his record to 5-5. Eddie Mathews drove in three runs with a pair of singles while Gordy Coleman accounted for the Cincinnati runs with two homers.

In the nightcap, Hank Aaron tagged his 39th homer, with a man aboard in the seventh inning, to clinch it and extend Milwaukee's winning streak to seven games. Bob Hendley got the victory.

Consecutive first inning homers by Ron Hunt and Jim Hickman started the Mets off and Rogers Craig managed to hold off the Phillies the rest of the way on seven hits. Craig is now 5-20. Don Hoak hit a homer for Philadelphia.

O'Dell Faces Mets Tonight; 3 Alous On Giant Roster

NEW YORK (AP)—It may not help their place in the standings, but the San Francisco Giants are on the verge of setting a major league record — most brothers in one line-up.

The mark could come in tonight's opener of a three-series against the New York Mets, or in any of the other 17 games this year.

For tonight, Jesus Alou and Matty Alou rejoins brother Felipe on the Giants' roster.

No major league team has ever had three brothers in its line-up—much less in its outfield, as could be the case with the Alous.

Eleven other groups of three or more brothers have played in the majors, but always with more than one team. Five Delahanty brothers made the grade but probably the best known threesome or better is the DiMaggio clan, Joe, Vince and Dom.

Many brother combinations —Dizzy and Paul Dean, Walker and Mort Cooper, Paul and Lloyd Waner, for examples — have played for one team.

Matty has been up and down between the Giants and Tacoma of the Pacific Coast League all year because he's had trouble regaining his batting eye after a spring knee injury.

Jesus will be making his first major league appearance after four minor league seasons in which he always finished second in his league in batting. This year at Tacoma he hit .324.

Felipe, 28, has played regularly with the Giants since mid-1958 and is batting .290 this year. He's four years older then Matty and seven years older than Jesus.

PINCH-HITTER

Aside from his brother role, Jesus could help in the pinch-hitting and reserve outfielding departments. With two bonus pitchers trimming his utility roster by two, Manager Alvin Dark has been forced to use pitchers as pinch-hitters, and catcher Tom Haller and infielder Cap Peterson in the outfield.

Tacoma pitchers Bob Garibaldi and Ron Herbel also will join the Giants at this start of a nine-game road tour, the final one of the season.

Billy O'Dell, 12-7, will hurl for the Giants tonight against Carl Willey, 8-12. Jack Sanford and Juan Marichal follow on Wednesday and Thursday.

Dark moved Sanford ahead of Marichal in his rotation to put Juan in line for the Sept. 16 opener at Milwaukee—a series that could help decide who'll finish third in the National League.

LENGTHY ODDS

Dark insists he's thinking only of finishing first—but with 8½ games to make up on Los Angels, 5½ on St. Louis and 1½ on the Braves, his Giants face lengthy odds against reapeating as pennant winners.

San Francisco goes from New York to Pittsburgh for three games and Milwaukee for three before returning home for three each with the Mets, Philadelphia Phils and Pirates.

The brightest ray of hope for the remaining contests are the Giants' 9-3 records against New York and Pittsburgh—their foes two-thirds of the time.

PERRY CUT BY COLTS; HE MAY LOSE PENSION

BALTIMORE (AP) — Fullback Joe Perry was cut by the Baltimore Colts today and faced denial of a pension despite 13 seasons in the National Football League.

To be eligible for the league's new pension fund, a player must put in at least five seasons. However, any before 1959 don't count and he must play at least three games this season which doesn't start until Sunday.

The 36-year-old Perry broke in with the San Francisco 49ers in 1948 in the old All-America Conference and remained with them for 11 years in the NFL. He came to Baltimore in 1961.

Robert Hill of Mill Valley and Alice Reeve of Ross are the men's and women's singles champions of the Mill Valley Tennis Club after victories in the finals yesterday.

Hill defeated John Williams of Tiburon 6-3, 3-6, 6-3 and Mrs. Reeve downed Betty Stephens of San Rafael in straight sets, 6-0, 8-6.

In the men's doubles finals, Phil and Robert Seymour of Mill Valley defeated Harvey Klyce of San Rafael and Williams. The mixed doubles finals were postponed when Mrs. Reeve pulled a muscle during the second game of the first set.

Both the winners of the singles were top seeded in the two events.

49er Situation Worsens

San Francisco 49er Coach Red Hickey, who said Sunday that things could get no worse for his team, discovered he was wrong today.

Two starters, offensive guard Mike Magac and defensive back Jerry Mertens, were ruled out of action for at least most of the season yesterday.

Magac was pronounced out indefinitely with a dislocated shoulder; Mertens was operated on for torn knee ligaments and probably is out for the year.

The injuries follow a pattern. While losing all five exhibition games for the first time in the 18-year history of the club, the 49ers had had from five to seven men on the disabled list.

The list is back up to seven with linebackers Mike Dowdle and Floyd Dean and defensive end Dan Colchico nursing injuries and end Clyde Conner and fullback Mike Lind out for the year on the injured reserve list.

The 49ers planned to make their final three cuts today. They open their season Sunday at Kezar Stadium against Minnesota.

One bright note for the troubled Prospectors came yesterday when guard John Thomas inked his 1963 pact. Only linebacker Bill Cooper remains unsigned.

World Series Details Set; N.L. Playoff Is Considered

CHICAGO (AP)—Commissioner Ford Frick completed plans for the 1963 World Series yesterday and to nobody's surprise gave permission only to the New York Yankees, Los Angeles Dodgers and St. Louis Cardinals to print tickets.

Frick scheduled the series to open in the American League city Oct. 2 and the second game there Oct. 3, with Oct. 4 an open date and the third, fourth and fifth game, if necessary, to be played in the National League city Oct. 5-7.

If the best-of-seven series is not concluded by then, Oct. 8 would be an open date with the sixth and seventh games scheduled for the American League city Oct. 9-10.

Because of the close race involving the Dodgers and Cardinals in the National League, President Warren Giles announced that in case of a tie, a best-of-three playoff would begin Monday, Sept. 30 and continue without a break.

Giles said a flip of the coin would give the winning team the option of playing the first game at home and the last two, if necessary, on the road or the first game on the road and the last two at home.

Frick said all of the World Series games, to be televised by the National Broadcasting Company, would begin at 1 p.m. local time except if San Francisco should win the National League pennant. In that case Candlestick Park games would begin at noon, San Francisco time.

Ticket prices for the series will be the same as last year—$12 for a box seat, $8 for reserved grandstands, $4 for unreserved grandstands and standing room and $2 for bleacher seats.

Because the Yankees long ago turned the American League race into a runaway, the only other clubs represented from the league were Chicago and Minnesota.

Other National League representatives attending the meeting were from Milwaukee, San Francisco, Philadelphia, and Chicago.

Promising Pro Gridder Dies

WICHITA, Kan. (AP) — Stone Johnson, a brilliant amateur athlete destined to be a fine professional football player, who broke his neck during an exhibition game at Wichita Aug. 31, died Sunday night.

Johnson was 23. He passed up his final year of eligibility at Grambling, La., College to join the Kansas City Chiefs of the American Football League this season.

John probably was the fastest man in professional football and Coach Hank Stram had planned to use him as a pass receiver.

The slender, 6-foot-1 Johnson once ran a wind-aided 100-yard dash in 9.2 seconds, and under normal conditions did it in 9.3. He ran the 200 in 20.5 and the 440 in 46.7.

Johnson's death was the seventh football fatality this year and the first in professional football since 1960.

Johnson, a Negro, was born in Dallas. He was a member of the U.S. Olympic track team in the 1960 games in Rome, running fifth in the 200-meter race in 20.8. He was a member of the 400-meter relay team that finished first but was disqualified for illegally passing the baton.

Deadline Tomorrow For Special Deer Hunt Applications

SACRAMENTO (AP) — Deer hunters were reminded by the State Fish and Game Deptment today that tomorrow is the deadline to apply for 24 special antlerless or either-sex hunts.

Applications must reach the department in Sacramento by 5 p.m. tomorrow to be eligible for the drawing, which will be held Friday.

The department has received 20,376 applications for the 8,527 permits authorized.

Another deadline is coming up. The deadline is one week from today to apply for the special Roosevelt elk hunt in the Orick area of Humboldt County.

Dodgers Exhausted, May Crumble; Cards Have Momentum To Win It

CONNOLLY

It scares one to study the remaining games in the National League pennant fight. Any one of seven clubs can win it with the help of a miracle.

Let's look at the Giants who have 18 left. Three with the Mets in N.Y. and three more with the same team in S.F. They have three in Pittsburgh against the Pirates and three more against the same outfit in S.F.; the other six are equally divided with Milwaukee getting three bites and the Phils three chances before the flag race is over.

Those 18 games are big, especially when you reckon the Giants are 8½ games "out" of first place. They could finish second.

L.A. has 19 games left, divided thusly—six with Pittsburgh and seven with Philadelphia, alternating on the road and at home; three with St. Louis and three with the Mets in L.A.

St. Louis, only three games out of first place, has 18 left—six with the Cubs, six with Cincy and three each with Milwaukee and the Dodgers.

MILWAUKEE has 17 left after last night's twin victory over the Cincy Reds, including four with Cincy, four with St. Louis, three with S.F. and six with Chicago.

So a nose dive by any one of the first four clubs could move into contention the Cubs, Reds or Phils and sweep back the Giants, Cards, Braves and Dodgers.

In my estimation the momentum now in full swing by the Cards is likely to sweep them past the Dodgers who are coming down to the wire exhausted. The Dodger pitching likely will crumble. The rest of the team already has.

IT TAKES so little for a front running club to collapse you hardly understand it. But a bad play, a poor piece of base-running and a boo-boo by the club's shining star, sometimes upsets the entire apple cart.

Manager Walter Alston last week showed strong signs of panic when he used up Johnny Podres, one of his starting pitchers, twice in succession to ward off a Giant victory, losing both games, and using Podres for bait.

On the other hand, Manager Alvin Dark, with his lust for power hitting, moves out a good starting pitcher in the middle of the game for a pinch hitter and the opportunity to juggle his batting order to come down the backstretch with a thundering home run or long ball hitter. Alvin wants no part of petty runs, like a single scoring run. He wants a slam bang homer. He says the people pay their money to see home runs and he's out there on the field to give them their wishes.

ALSTON AND Dark present peculiar versions of generalship.

Four Warriors Sign Contracts

Four veterans from the losing San Francisco Warriors team of last year were signed to 1963-64 contracts today, General Manager Eddie Gottlieb announced.

The four signing their contracts were Ken Sears, Guy Rodgers, Al Attles and George Lee.

PROSPECTS

R'wood '11' Is Favored

(Fifth in a series on Marin Athletic League 1963 football prospects.)

By RALPH CHATOIAN

Redwood High School will be the team all the other football squads in the Marin Athletic League will be gunning for as the Giants have been tabbed as the favorites by five of the seven head coaches in the league.

And, of course, among the coaches picking Redwood to repeat as champs is Bob Troppmann, head coach of the Giants. A major reason, says Bob, "is that we have more experience and more speed than we have had in the past."

For experience, Redwood has 13 lettermen returning from last year's champion team. Heading the list of returnees is halfback Dave Auerbach, a senior speedster who has picked up some weight to go along with his swiftness. Dave tips the scales at 175 pounds, 15 pounds more than last year.

Defensively, Redwood will probably be as strong as last year when the Giants held their opponents to only 20 points in league play. In six league scrapes—Redwood winning them all—the defense allowed a total of 635 yards, an average of less than 106 yards per game.

ALL SENIORS

Troppmann has 90 per cent of this defense back, led by his trio of linebackers Steve Minutoli (5-11, 170), Dennis Schunk (5-11, 170) and Joel Wallace (5-9, 165), all seniors. All 13 of the lettermen are seniors.

Main boys on the line for Redwood will be tackle Jim Carroll (6-3, 217), tackle Bob Schefer (6-2, 185) and center Rick Klein (5-11, 195).

Other returning lettermen for Redwood are speedy halfback Dave Cox (5-10, 162), ends Joel Tobiason (6-3, 185) and Rick Evans (6-0, 168), wingback Bruce Stannard (5-11, 170), halfback Jon Little (6-2, 178) and fullback Buzz Bricca (5-8, 165).

Schunk, a guard on offense, was voted on both the coaches' and Independent-Journal's all-league team last season.

Among the other standouts in the Redwood camp is fullback Paul Ackerman (6-1, 190), a senior transfer student from Michigan. His weight in the backfield will be another Giant strong point.

For the vacant quarterback post, left open by the graduation of all-league performer Jim Troppmann, there will be two juniors battling. Tom Gootherts (5-11, 185) and Ed Hutchison (6-1, 170) are both fighting for the starting berth. Both played junior varsity ball last year.

As far as the entire roster is concerned, Redwood will be split between seniors and juniors. But for the probable starting team, all but the quarterback position will be filled by seniors.

PROBABLE LINEUP

When the Giants open the season they will most likely line up with Tobiason and Evans at ends, Schefer and Carroll at tackles, Minutoli and Schunk at guards, Klein at center, Auerbach and Cox at the halfback spots, either Hutchison or Gootherts at quarterback, and either Bricca or Ackerman at full.

Redwood opens the '63 season Friday night in Santa Clara with a tough game against Bellarmine at 8 o'clock. After two other rough practice tilts with Montgomery and Ukiah, the Giants will open the MCAL campaign against Tamalpais High Oct. 4 in College of Marin stadium at 8 p.m. All four games will be a tough test for the defending champs.

Helping Troppmann with the varsity again this year will be Al Andriss. Junior varsity coaches will be Tony Bailey and Phil Palen, while Lyle Fisher and Tony Compagno will coach the frosh.

REDWOOD SCHEDULE

Redwood High School's 1963 varsity football schedule:

Sept. 13, Bellarmine at Santa Clara, 8 p.m.; Sept. 21, Montgomery, 1:30 p.m.; Sept. 27, Ukiah, 8 p.m.; Oct. 4, Tamalpais*, 8 p.m.; Oct. 12, Drake*, 1:30 p.m.; Oct. 25, at San Rafael*, 8 p.m.; Nov. 2, at Terra Linda*, 2 p.m.; Nov. 9, Marin Catholic*, 1:30 p.m.; Nov. 16*, 1:30 p.m.

(Home games at College of Marin Stadium. *Denotes Marin Athletic League games).

A Sellout Crowd For Raiders??

OAKLAND (UPI) — Oakland Raiders today looked forward to a possible sell-out for Sunday's home opener against Buffalo.

It appears that the town is finally taking the team to heart following its 24-13 decision over defending Eastern Division champion Houston Saturday night.

The Raiders returned home at 5 a.m. Sunday to find a host of howling fans waiting to greet them.

Frank Youell Field holds more than 19,000 but crowds were in the vicinity of 8,000 last year as the Raiders went nowhere. Raider officials say that Sunday's count will be between 15,000 and a packed house.

NO CELEBRATION

Coach Al Davis said that his team did not celebrate after Saturday's win, but "felt they had done a workmanlike job, especially on defense . . . we don't have the most talented squad. The guys we have, though, are vigorous and they are dealing out punishment."

Davis gave his troops two days off after Saturday's victory, but drills were to resume today.

NAT'L COLLEGE GRID PREVIEW

USC, Northwestern, 'Bama, Ol' Miss, Texas Top Powers

By ASSOCIATED PRESS

Southern California has the ingredients to repeat as national collegiate football champion but the record book indicates the chances are unlikely. If the Trojans falter, Northwestern, Mississippi, Alabama and Texas are the teams to remember.

A high-tension season with more than the usual surprises expected opens Saturday.

Georgia Tech and Florida collide in the TV-kickoff, CBS.

Southern Cal opens its title defense a week later at Colorado but a much better line on two powers will come when an Oklahoma squad Bud Wilkinson concedes is his best in six or seven years invades USC Sept. 28.

Northwestern, which hasn't won a Big 10 title in 27 years and is renowned for its November slumps, finally has the depth — and quarterback Tom Myers — to go all the way. The "smarts" want to stick with defending champ Wisconsin even without Ron VanderKelen because of blazing Badger speed.

FAMILIAR POWERS

In the SEC it's impossible not to go with those familiar powers, Ole Miss and 'Bama's Crimson Tide.

The Southwest Conference showdown again narrows to the Oct. 19 Texas - Arkansas meeting. The Longhorns had their first unbeaten regular season in 39 years last fall prior to the Cotton Bowl loss to LSU and much of that cast of ball-control experts is back.

Elsewhere, the regional breakdown looks like this:

BIG SIX: USC is the pick, naturally. Washington remains dangerous even with less experience. UCLA gets stronger.

BIG EIGHT — The Oklahoma team which won its last seven games in a row last season before hitting Alabama in the Orange Bowl should jell from the start. Nebraska can nudge Kansas and Missouri for runner-up.

ATLANTIC COAST — Clemson to spoil Duke's bid for a third straight crown. Dark horse roles shared by North Carolina and Maryland.

SOUTHERN—West Virginia, though Mountaineers may have to share it again with VMI.

IVY LEAGUE — No one picks against Dartmouth's Bob Blackman but Harvard's John Yovicsin has aspirations.

MISSOURI VALLEY — Between defender Tulsa and Wichita.

INDEPENDENTS — Miami, Navy, Syracuse, Oregon, Oregon State. Penn State joins Pitt and Notre Dame as owners of three of the toughest schedules ever put together so how much records will reflect quality of these squads is a question.

Most surprising teams of the years — Illinois, North Carolina, TCU and Washington State. (This corner picked bowl champions Florida and Nebraska in '62.)

Although Southern Cal boasts the nation's longest winning streak of 11 which it shares with Dartmouth, only four times in modern football has a team won the national title two years in a row.

Upsets Mark U.S. Amateur Golf Tourney

DESMOINES, Iowa (AP)—Labron Harris Jr., 21-year-old graduate student at Oklahoma State University, opened defense of his U.S. Amateur Golf championship yesterday by defeating Bill Cowardin, Newport News, Va., 8 and 6.

Harris was two under par for the 12 holes played in the first round of the title chase over the 6,896-yard par 36-36-72 Wakonda Club course.

Upsets knocked out three Walker Cuppers—Dr. Ed Updegraff, of Tucson; Bill Hyndman of Huntington Valley, Pa., and Charlie Smith of Gastonia, N.C.

Of those in action in the 72 first round matches, the prime favorites advancing were 1960 champion Deane Beman of Arlington, erratic Billy Joe Patton of Morganton, N.C.; Dick Sikes of Springdale, Ark.; two-time former champ Charlie Coe of Oklahoma City; former Walker Cup player and captain Bill Campbell of Huntington, W. Va., Georgia's Jimmy Gabrielsen, and Steve Spray, a hometown boy who got to the quarter-finals in 1960 and plays Wakonda like he belongs to it, which he does.

Movements Of Pelicans Studied; Sportsmen Rescue Periled Trout

STEVENS

Have you been seeing any pink elephants or green-white pelicans lately? If pink elephants, you'd better get in touch with your psychiatrist; if green-white pelicans, get in touch with your Bureau of Sports Fisheries and Wildlife, University of California, at Davis.

Biologist James O. Keith is anxious to determine the movements of specific breeding colonies in relation to exposure to pesticides. Forty-seven brown-colored pelicans were released at the Clear Lake refuge, 89 yellow-marked birds at Lower Klamath Refuge, and 115 green-marked pelicans at Anaho Island Refuge, Pyramid Lake, Nevada.

So, if you sight one or more of these colored birds, drop a line to James O. Keith, Bureau of Fisheries and Wildlife, University of California, Davis, noting date, site, color and number.

THE SCHEDULED planting of catchable trout in Pescadero Creek, Carmel and Big Sur rivers, and Los Padres Reservoir didn't take place. Therein hangs a tale:

On Tuesday, the Newell Creek planting base near Santa Cruz was emptied of catchable trout in preparation for receiving a tanker load of 10,070 catchables from the Moccasin Hatchery in Tuolumne County. At that time the planting base water supply, drawn from near the bottom of the reservoir, had a strong odor of decaying vegetation. George Apsley in charge of the base and alone at the time, asked the Santa Cruz Water District to change its release and draw less stagnant water nearer the surface of the reservoir. This was done, and Apsley thoroughly cleaned the holding tank of accumulated sediment.

THE 10-070 trout arrived in excellent condition at 1 p.m. Tuesday. By 3 p.m. the odor from the water had diminished and the fish were doing fine.

Apsley kept checking the trout and the water until 10 p.m. when the water temperature was 50 degrees and the fish were in excellent condition. Apsley went to bed.

At 6:30 a.m. Wednesday, Apsley got up to check the trout. The sulphurous odor was back, between 2,500 and 3,000 of the fish were dead and the rest were in real trouble.

APSLEY WENT into frenzied action. He phoned Forrest McDermott, president of the Santa Cruz Rod and Gun Club and a retired game warden. McDermott quickly rounded up club members Ray Thomas and Cecil Woolsey, and Del Curtis of the Division of Forestry station at Felton, to serve as an emergency planting crew.

When the help arrived, Apsley had already planted 300 trout in Newell Creek. Together, the rescue crew of volunteers saved the remaining trout by hurried plants in nearby Fall Creek and San Lorenzo River.

SOME 4-301 trout died, but 5,769 catchables were saved by the combined efforts of a group of true sportsmen — and I mean sportsmen in the most literal sense.

The above incident is not too exceptional. Through the years similar emergencies have occured. Some of our local rod and gun club members have frequently worked hard and long to save thousands of stranded black bass in severe droughts. We salute them.

Washington Plans All-Out Scrimmage

SEATTLE, Wash. (UPI)—Perennial coast powerhouse Washington planned an all-out scrimmage today for the visiting Big Six writers.

Coach Jim Owens ignored the 83 degree heat yesterday to run his squad through a tiring drill. He said he was pleased with the team's progress so far, but declined to comment on Husky chances in the Sept. 21 opener at Colorado Springs against the Air Force.

Marin Pros Improve Minor League Marks

Three of the four Marin County players still active in minor league baseball improved their records in the last report made by Player Periscope of Novato.

They are pitcher Ron Cole of Mill Valley with Modesto of the California League, outfielder Neil Austinson of San Anselmo with Lexington, N.C., of the West-Carolina League and infielder Ron Blum of Larkspur with St. Cloud, Minn., of the Northern League, who since has finished the season.

Marin's other minor leaguer, outfielder Doug Wilson of Larkspur with Decatur, Ill., of the Midwest League, saw his average drop.

Cole appeared in two games for Modesto and was credited with one victory without a loss to even his season record at 6-6. In the nine innings he worked he gave up 10 hits, walked three and struck out 11. Over the season he has worked in 22 games for 94 innings, allowed 116 hits, walked 50, struck out 56 and has an earned run average of 5.46.

HIKES AVERAGE

Austinson hiked his season average three points to an even .250 by collecting four hits, including a home run, in 14 at-bats during the week reported. For the season the San Anselmo outfielder has 192 at-bats, 26 runs, 48 hits including 13 doubles, 2 triples and 6 homers, and 37 runs-batted in.

Blum wound up the season with a .218 average. In the final week reported he had 8 singles in 32 at-bats. For the year he had 91 hits, including 7 doubles, 4 triples and 2 home runs, in 1417 at-bats. He scored 44 runs and batted in 36.

Wilson for the week had 4 hits in 19 tries and saw his average dip three points to .261. His season figures are 79 hits in 303 at-bats. He had 13 doubles, 2 triples and 6 homers for 32 runs batted in.

Final figures on all the players are expected next week.

North Bay Golf Action To Be At Peacock Gap

Next tournament for the North Bay Women's Golf Assn. will be held at Peacock Gap Golf and Country Club next Friday, tee-off time scheduled for 8 a.m.

The 11 clubs represented in the North Bay associations are Indian Valley, Mill Valley, Peacock Gap, Flamingo of Santa Rosa, Healdsburg, Napa, Northwood, Petaluma, Sonoma, Ukiah and Vallejo.

S.R. Youth Makes Strong Debut In Petaluma Races

A tiger named Sonny Parry was let loose on the Petaluma Fairgrounds track Saturday night and the San Rafael youth grabbed two seconds in his debut at the NASCAR-sanctioned stock car races.

Parry joined the ranks of the Marin County drivers with a bang, but couldn't do anything in the main event. He finished 10th.

Charley Louwaert of San Rafael also came through in the early races. He finished 12th in the main, but captured the semi-main ahead of Parry.

Some 1,700 fans packed the grandstand to see the big head-on duel between Novato's Frank Antonio and Petaluma's Tony Brazil, nicknamed the "Racing Mayors" of their respective cities.

Brazil won in a walk as Antonio's car developed engine problems and he never was in the race.

The only other San Rafael entry to win was Jack Dempsey who copped the first heat. Dempsey, right up there in the number six position in the point standings, didn't help his title chances any in the main event, where NASCAR points are awarded. Dempsey didn't place.

The theater, which has been serving as a fund collection center during the last two weeks of the West Coast premiere of the Wilder one-acts, will dedicate its next-to-last summer performance to the drive.

The Food for Freedom Committee is soliciting donations to help alleviate the suffering of people involved in the struggle for racial equality in the South. Mrs. Alvin Goldstein of San Anselmo is area chairman.

A. J. Bianchi of Point Reys Station, chairman of the relocation committee, will report to the next board meeting on the feasibility of moving the headquarters of the farm bureau from Novato to Nicasio.

BAGLEY WARNS ON REALTY BIAS

Salesmen Told Not To Set Up Offices As Buffer For Owners' Discrimination

Realtors were warned today not to set up their offices as a buffer in discriminating against qualified home buyers.

Assemblyman William T. Bagley (R-San Rafael), speaking before the Marin County Real Estate Board at Dominic's Restaurant, told his audience that real estate men should not attempt to be middlemen and avoid showing houses for reasons of race or color—even though the owners stipulated their unwillingness to sell in such instances.

"It is your job to tell the owner you are obliged under the law to bring any qualified buyer to see the home," he said. "Don't take the onus on your shoulders. It will hurt you and your profession."

Bagley went on to say that under the new Fair Housing Law, the Fair Employment Practices Commission has the right to come in and investigate any complaint against a real estate office for discrimination. "The FEPC does not have the right to carte blanche entry—only if a complaint has been registered," he explained.

He added that real estate men are completely free to qualify any prospective purchaser from a financial standpoint before showing a home. "You are at liberty to determine if he is able to make the necessary down payment and his ability to finance the purchase. This is part of your job as a salesman," he said.

Bagley pointed out that Assembly Bill 1040 did not materially affect the rights of real estate brokers, inasmuch as legislation passed in 1959 provided against discrimination in a place of business.

He said the Fair Housing Law "has lots of gaps and technical errors but its concept was one that had to be accepted."

Mill Valley Bus Schedule Posted

Bus schedules for Mill Valley's eight elementary schools are posted in offices at all schools, Supt. G. R. McConnell said today. He added that secretaries at the schools will answer any questions regarding the schedules.

McConnell said there is less service to seventh and eighth grade pupils living in the West Blithedale Avenue area this year but, otherwise, few changes have been made in the schedules.

The school district has five buses, all of which have at least six runs and one of which has 11 runs.

Two On Carrier

Two Marinites in the Navy have been assigned to service aboard the attack aircraft carrier Bon Homme Richard, which recently completed a four-month overhaul at the Puget Sound Naval Shipyard, Bremerton, Wash. They are Thomas R. Skinner, electrician's mate fireman apprentice, son of Mr. and Mrs. Thomas W. Skinner of 906 Railroad Avenue, Novato, and Nathan L. Lester, fireman apprentice, son of Mr. and Mrs. N. L. Lester of Woodacre.

School District Transfer Gains

Mill Valley School District trustees last night expressed general agreement for transfer of 1,000 acres on the west side of Tennessee Valley to the Sausalito School District.

Supt. G. R. McConnell noted that Tennessee Valley has been split down the middle, with each district taking half. Both school boards, said McConnell, have felt for some time the valley should be in one district or the other.

"Sausalito seems to be able to handle it with its existing school sies. They have sites, such as Manzanita School where several rooms are not used, which are not fully utilized. There are other reasons but this one has the strongest impetus," McConnell said.

The suggestion for transfer originally came from the Sausalito board, McConnell said.

The two boards will meet jointly to discuss the matter in detail Sept. 30 at 8 p.m. in the Sausalito board room at Bayside School.

The board also resolved to ask the Marin County Committee on School District Organization to hold one of its unification hearings in Mill Valley.

Trustees said they were gratified at being able to finance the operating budget with a tax rate of $2.21 per $100 assessed valuation, four cents less than the limit set by voters.

A five-year dental health survey at Edna Maguire School will be conducted by the State Division of Public Health, trustees agreed.

The board hired George Moissant of Mill Valley as custodian and substitute bus driver. It accepted the resignation of Mrs. Russell Franklin, Alto School secretary for four years, who is taking a job with the Marin County superintendent of schools office, and heard that Rochelle Bachrach is staying in Texas where she is to be married and will not return to teach English and history.

Young Actress Fulfills Expectations

By MAYBELLE SPECKMANN

Adding to the reputation of Marin County as the home of promising young singing actresses is dramatic soprano Sarah Jane (Sally) Champlin of Mill Valley.

Only 18, Sally, who is the daughter of Mrs. Jack Cheetham of Mill Valley, has already completed with distinction her first year at San Francisco State College. She is more than fulfilling the expectations of her teachers and friends at Tamalpais High School, where she took a leading part in music and dramatics.

Sally entered San Francisco State with a "new" scholarship in music granted by the college. At Tam she was the winner of the annual Tamalpais Music Scholarship, the Best Thespian award and "Honor T" mention.

AT THE end of her freshman year at State she was on the Dean's academic honor list and had been the only freshman with a female leading role in two of the college's productions. One was that of Donna Lucia D'Alvadorez in the musical "Where's Charlie?", and the other was that of Amelfa in "Le Coq D'Or."

This summer she headed the makeup crew for the college's production of "The Italian Straw Hat."

Talent, hard work and considerable experience in high school had made possible such achievement.

IN TAM'S remarkable production of Menotti's opera "The Medium" under the direction of Robert Greenwood, which was presented later in part at San Francisco State to high critical acclaim, Sally played the difficult role of the middle aged, alcoholic medium, Mme. Flora.

Yet, when she auditioned for the Civic Light Opera this spring, she was told to come back in a year because she looked too much like a little girl on the stage, though the auditioner was impressed by the "little girl with the great big voice."

SALLY'S other leading roles in high school had been comic ones, Gladys Hotchkiss in "Pajama Game" and Carrie Pepperidge in "Carousel."

In 1961 she had become interested in junior theater and assisted director Irene Pritzker. By last summer she and her close friend, Jan McCready, another talented young Mill Valley actress-soprano, were co-directors of "The Wizard of Oz" for junior theater. At Tam they had responsibility for makeup, costumes and much backstage work, and Sally had learned to make all her own costumes.

She also had her first experience with Little Theater about this time in chorus work in "South Pacific" at the Gate Theater in Sausalito. It was there she met her future stepfather, who played leading roles as an avocation.

A NATIVE of Norfolk, Va., the young actress-singer first wanted to be a doctor, since there had been many doctors in her family. She first thought of music when she joined the Tam choir "just for fun." She then became so much interested that she began vocal lessons with Mme. Bella Resek of Mill Valley.

THAT SHE has musical talent is not surprising, for her mother, a graduate of Mills College with minor in music, is a pianist and composer as well as a dancer and choreographer. Her maternal great-grandfather had been concertmaster of the San Francisco Symphony at the age of 26, and her maternal grandmother and grandfather had met while singing in a choir.

The family tradition in music is also being carried out by Sally's younger sister and brother, Mimi, an Edna Maguire student who is studying singing, and Bill, a Tam High student who is taking choir and band and already playing in a dance band.

AFTER GRADUATION from San Francisco State Sally plans to etner the theater professionallly.

COMIC ROLES, such as this one of Carrie Pepperidge in "Carousel," were included in Sally Champlin's experience as a singing actress at Tamalpais High School. She also played the heavy dramatic role of Mme. Flora in Menotti's opera "The Medium."

SALLY CHAMPLIN, 18-year-old Mill Valley actress and dramatic soprano fulfilling predictions at San Francisco State College of friends and teachers at Tamalpais High. She was the only freshman given leading roles in two of the college's productions this year.

SALLY IS photographed in the role of Donna Lucia D'Alvadorez in the musical "Where's Charlie?" at San Francisco State. She learned to make all her own costumes while she was taking a leading part in music and dramatics at Tamalpais High.

Mrs. Gerald O'Connell, as matron of honor for her sister, wore a floor length gown with a green velvet bodice and crepe skirt. Bridesmaids, Janet Ford, another sister of the bride, Sally Hall and Terry Ordonez, were gowned in sheaths of Kelly silk faille.

Surveys Show Walnut Most Popular Wood In Furniture

Walnut remains the nation's favorite furniture wood, according to surveys at recent major furniture markets.

An analysis of bedroom and dining room suites displayed at the 1963 summer markets in Chicago and in Grand Rapids, Mich., reveals that 27.4 per cent of the groupings were walnut.

This was substantially more usage than that recorded for the runner-up species, cherry and maple. The former was seen in 21.4 per cent of the suites and the latter in 17.7 per cent.

A FEW YEARS ago, for example, survey figures indicated a growing interest in Early American-Colonial-Federal furniture, which at that time lagged far behind Modern in the style parade. Today Early American-Colonial-Federal has surpassed Modern in popularity.

Furinture in the Early American-Colonial-Federal classification accounted for more than one-third of the suites shown at the summer markets, the surveys disclosed. Modern comprised slightly more than 30 per cent, and suites reflecting the Mediterranean.. influence constituted almost 17 per cent.

GROUPINGS OF French influence, English derivation and Far East designs were seen less frequently.

Although the resurgence of Colonial has been marked by the appearance of this style in a variety of wood species, many of the finest reproductions are being offered in walnut. This practice has historical roots, it is pointed out, since much of the best original Colonial furniture was walnut. Popular choices in Colonial styling these days include highboys, lowboys, dining groups, mirrors and chairs.

THE MODERN category offers the browser or buyer a wide selection of stacking and storage units so flexibly planned that they can be used in any room of the house. Walnut is the predominant wood here, as it has been for a decade.

The Mediterranean styled groupings rely heavily on fretwork, filigree, marquetry and sculptured design. Walnut is used extensively in this style because of its strength and decorative value.

NATURAL TONES of walnut continue in greatest demand, judging by the preponderance of such offerings at the summer markets. Oil-type finishes were found more often in dining room groupings than in bedroom suites, but lacquer finishes were much more prevalent in both categories.

Nearly 2,600 bedroom and dining room suites were examined in the surveys. Miscellaneous veneers tied with painted woods for fourth place in the species popularity race with a representation of 7.3 per cent of the suites. Among the more prominent of these veneers were butternut, elm, prima vera, pecan, rosewood, teak, avodire, laurel and wormy chestnut.

Hair Tinting Takes New Turn

HOUSTON (UPI) — A Houston inventor believes radio waves can do the best job of hair tinting a woman ever had.

Dallas Weatherholt has built a machine that looks something like what an astronaut might sit in on a moon trip.

Weatherholt's hair drier is powered by a short-wave radio transmitter. He said the electronic field oscillates the radio wave energy back and forth, accelerating the chemical hair tint action and giving a new hair color in a fraction of the usual time.

Weatherholt said hair is damaged in tinting by the long time the process takes, and he said his machine prevents that sort of damage.

The hair drier is, roughly, an easy chair with arms and a headpiece.

'ONE OF A KIND'

Marinites To Participate In Mannequins' Ball On Sept. 21

Many Marin people will be involved in the staging of the gala Mannequins' Ball at the Fairmont Hotel in San Francisco on Sept. 21, according to Jane Graff of Mill Valley.

JANE is the president of the Professional Models' Assn. of San Francisco, which is sponsoring the ball as a benefit for the Recreation Center for the Handicapped, Inc.

The ball, entitled "One of a Kind," will have a playing card theme carried out both in decor and special costumes to be worn in the fashion show by members of the models' association.

JACQUELINE de Bray of Sausalito has designed "Black Jack," a costume consisting of black leotards, cards, spangles, matching headdress and high heeled black boots to represent the popular game.

"Four of a Kind," a kaleidoscope of color in designs by Mary Ann Hall of San Rafeal on costumes fashioned by Arden Fleming of Mill Valley, will include at-home creations and a special floating silk gown for a ballerina to be featured in the show.

MELVA Dorez of Belvedere will do "Opening Bid," a pink and gold Turkish (both in toweling and design) beach and poolside costume.

Other Marin members of the models' association who will be appearing in addition to Jane Graff are Dorothy Van Nuys of Belvedere-Tiburon, treasurer of the organization; Jean Anderson, June McGowan and Judy Couts of Mill Valley; Barbara Spann of Sausalito and Mai Tai Sing of Corte Madera.

OWEN SPANN of Sausalito will do the commentary. Warren Ciccone of Greenbrae, a fashion photographer for one of San Francisco's and San Rafael's leading stores and a gourmet cook in his leisure time, is arranging the menu for the dinner dance.

CHARLOTTE and Rod Strong of Tiburon, well known as dancers, will create and execute the choregraphy for "Jokers Wild," a feature of the show, and Russ Coombs of Mill Valley is designing a round rolling stage to display the costumed models.

Morrison-Austin Engagement Told

A champagne party on Aug. 25 aboard the Barkentine "California" off Diamond Head, Honolulu, served to announce the engagement of Boone W. Morrison of Belvedere, to Stephanie Austin of Honolulu.

Stephanie is the daughter of Mrs. Fredrick Austin of Honolulu and the late Mr. Austin. She attended Punahou School and is a senior at Stanford University.

Boone is the son of William A. Morrison of San Francisco and Mrs. Berenice Giffen Morrison of Tiburon. His grandparents are Mr. and Mrs. E. W. Watson of San Francisco, and the late Mr. and Mrs. Frank Carroll Giffen.

Boone attended Edgewood School, Greenwich, Conn., and was graduated from Redwood High School. He will be graduated from Stanford in December, where he is a member of the Sigma Alpha Epsilon fraternity. He is also a member of the Society of California Pioneers.

The wedding is planned next summer in Honolulu, where Boone will be employed with a local television station.

Criticism Of Reading Program Increases Phonics Emphasis

By DAVID NYDICK
UPI Education Specialist

Reading programs in schools have been under attack by non-educators and educators alike. What effect has this criticism had on the schools throughout the country?

IN MANY situations, the only change has been an increased emphasis on the teaching of phonics (sounds).

Some years ago the phonics method was under attack and the answer was the present look-say method.

This cycle has not achieved much progress. Method and materials seems to indicate a variety of problems.

SOME OF THE books leave much to be desired. Take a look at your child's reading textbook. The stories may be dull and lack imagination. A child is looking for excitement in his reading. Our modern world is full of fascinating events. These real events have more creativeness than made up stories.

WOULD YOU read a dull novel? Why should your child? There cannot be true motivation to learn unless an individual's interests are aroused.

Consider the kind of reading materials which children do enjoy. Have you ever had difficulty convincing your child to sit and read a comic book? Boys race through the "Tom Swift" series. Girls are intrigued by the "Bobsy Twins." "Alice in Wonderland" is a classic. Why attempt to make children enjoy reading about a boy's dull trip to his grandmother's house?

A RESEARCH STUDY, designed to determine the kinds of stories most interesting to children resulted in some particularly pertinent information.

An analysis of the combined responses of boys and girls indicated that they were interested in action, adventure, surprise, and humor. Boys as a group preferred themes concerned with games, sports, hobbies, and handicraft activities. Girls indicated interest in stories about jumping rope, playing house, collecting dolls and doll's costumes, and caring for the baby.

A STUDY of this type supplies valuable information as to the kinds of stories which would interest young boys and girls.

Where are the best seller lists for children's books? Here is an untapped market. There are millions of youngsters waiting. Parents would not intentionally deprive their child of the opportunity to read a good book.

The majority of textbooks give the impression that nearly everyone in the United States belongs to a middle class family and lives in a private suburban home.

Outdoor Art Club Adds 'Play Bridge'

Mill Valley's Outdoor Art Club, in keeping with its policy of providing for its members those activities most frequently requested, will have a bridge section.

Entitled "Play Bridge," it will be launched on Sept. 16 by the ways and means committee. Open to all members, the section will meet the third Monday of each month from 11:30 a.m. to 3 p.m. Coffee, tea and dessert will be served, and players will provide their own sandwiches. Tables will be provided for beginners and advanced players.

Adding excitement will be a marathon bridge program in which a running total score will be kept for all tables. At the end of the club year those with highest scores will have a play off date to determine the winning team. Prizes will be awarded to winning teams and also to the lowest score team.

Those interested in participating or who desire additional information may call "Play Bridge" Chairman Mrs. A. Leonard Bjorklund or Mrs. Joseph F. Witherow.

Elsie Pomeroy Returns From San Miguel

Mill Valley artist Elsie Pomeroy has just returned from spending three weeks in San Miguel, Mexico.

She was one of a group of 40 people from all over the United States who were enrolled in a workshop conducted by the famous artist Millard Sheets of Claremont, a longtime friend of Mrs. Pomeroy.

The workshop was organized by Thurman Hewitt of San Miguel, an artist who formerly lived in Mill Valley.

Two other Mill Valley artists in the group were Mrs. Thomas Collison and Mrs. Theodore Althausen.

Mrs. Pomeroy now has an exhibit of 12 oils and watercolors that will continue on display through September at the Tiki Shop in Sausalito.

Select Quality

When buying a dress try to select one that is of good quality. A plain fabric with subdued texture and no design is a wise choice. Select a weight fabric that is suitable to almost any season.

Sleepy Hollow Guild To Hold Bavarian Folk Festival Sunday

The Sleepy Hollow Guild of Sunny Hills will give its annual fund raising party in the form of a Bavarian Folk Festival on Sunday.

The event, which will take place from 11 a.m. until 4 p.m., will be held at the home of the guild president, Mrs. Harry Allen. The garden will be transformed into a typical garden of the old Rhineland.

The Guchenheimer Sour Krauts Band will play throughout the afternoon. Other highlights of the festival will feature an authentic German luncheon, games and dancing.

Mrs. William Worth is serving as general chairman. Committee members include Mesdames Joseph Alderson, decorations; Lyle Bramson, reservations; Walter Schau, luncheon; Harold Joslin, set-up; Robert Ballachey, Fred Nannizzi, refreshments, and Peter Helms, publicity.

Bringing Up Baby®

HINTS COLLECTED BY MRS. DAN GERBER, MOTHER OF 5

Most toddlers go through a stage of saying "no" to everything whether they mean it or not. Ways to cut down a determined one's "no's":

- Have you ever thought your toddler may be learning to be negative through too many "no's" from you? Your "no's" will be more effective, less likely to be imitated, if used only when necessary.
- "No's" are best ignored when the reasons behind them are not serious.
- When you must restrict, diplomacy, diversion and direction work more wonders than threats.

Accentuate goodness to cut down negatives at mealtimes. How?

Offer foods with colors and flavors that sing. Like Gerber Junior Foods...prepared and seasoned with an eye to enjoyment. Then you might try a selling job, by telling junior how good the food is. A taste or two, accompanied with an "um-mm" from you, is most convincing. If you curb frowns at dawdling and cultivate smiles when your toddler does eat well, you're on your way to establishing good eating habits.

Gerber offers wonderful variety ... over 40 Junior Foods, cooked with special care to preserve the utmost in nutritive values ... the ultimate in flavor-appeal.

Safety measures. Of course, all of us know the basic safety precautions for into-everything toddlers. Things that may slip your mind: (1) A forgotten table lighter. (2) A cleaning compound not returned to an out-of-reach haven. (3) A medicine bottle left on a reachable sink.

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

Chicago Bank Woos Depositors With Some Advice On Bridge

The Exchange National Bank of Chicago recently sent out thousands of copies of an excellent booklet on bridge, prepared for them by Arthur Glatt, a member of the bank's staff.

Glatt, probably best known to bridge players all over the country as a star player on the nationally televised show "Championship Bridge," applies the same logic to bank problems as to bridge problems.

East dealer
Both sides vulnerable

	NORTH ♠ 10 9 8 ♡ K Q J ◇ Q 10 9 8 ♣ A 10 2	
WEST ♠ 4 ♡ 10 8 7 6 4 3 ◇ 7 5 2 ♣ 7 6 5		EAST ♠ A Q J ♡ 9 5 ◇ A 6 4 ♣ K Q J 9 8
	SOUTH ♠ K 7 6 5 3 2 ♡ A 2 ◇ K J 3 ♣ 4 3	

East	South	West	North
1 ♣	1 ♠	Pass	1 NT
Pass	2 ♠	Pass	3 ♠
Pass	4 ♠	Pass	Pass
Double	All Pass		

Opening lead — ♣ 7

"The first trick was taken by the ace of clubs in dummy," Glatt writes in the bank booklet. "Declarer then played three rounds of hearts. East trumped the third round with the spade jack."

COULD NOT LOSE

"At this point declarer made the key play of the hand. He did not over-ruff with his king Instead, he discarded his losing club."

South could not lose by this play. He was sure to lose that club anyway, and it cost him nothing to throw it away on East's jack of spades.

Declarer later got to dummy with a diamond to lead a spade through East. Since East was then down to ace-queen of spades, South lost only one further spade trick and the ace of diamonds. Declarer thus made his contract, scoring game and rubber.

GO DOWN

South would go down if he over-ruffed with the king of spades when East ruffed with the jack. Declarer would have to give up two spade tricks to East and would also lose a club and a diamond.

It all looks so simple when it is explained, but most bridge players would lose the contract by over-ruffing.

Perhaps they would also do equally foolish things with their banking problems. Ahoy, there, Mr. Glatt. Set them straight.

ALMANAC

Today is Tuesday, Sept. 10, the 253rd day of 1963 with 112 to follow.

The moon is in last quarter. The morning star is Jupiter. The evening stars are Saturn, Mars and Jupiter.

On this day in history:

In 1813 the first defeat on an English squadron in the War of 1812 eook place when U.S. Capt. Oliver H. Perry defeated the British in the Battle of Lake Erie.

In 1846, Elias Howe received a patent for the sewing machine.

In 1944, the first American shells to land on German soil were fired by the United States First Army.

A thought for the day — Thomas Jefferson said: "The God who gave us life, gave us liberty at the same time."

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Pain In Upper Abdomen Indicates Acute Inflammation Of Pancreas

VAN DELLEN

INFLAMMATION of the pancreas is suspected when severe pain develops in the upper abdomen just to the left of the midline. This is particularly true when it radiates to the back and is so severe the victim must sit up, lean forward, and get out of bed and walk about the room in a stooped position with hands pressed against the abdomen. Nausea usually is present, leading to persistent vomiting.

We said "get out of bed" because attacks of acute pancreatitis often occur at night. All too often the bout follows a drinking spree or a hearty meal. Many persons with this disorder are heavy drinkers and the pancreas takes as much of a beating as the liver. The acute attack is extremely painful and likely to scare the old soak into taking the pledge. In addition, distress is difficult to relieve even with morphine or other pain killers.

ACUTE PANCREATITIS also favors those with gallstones or peptic ulcer. This is likely to complicate the diagnosis because all these disorders produce somewhat similar symptoms. But a blood test (serum amylase) is positive within eight hours of the onset of acute pancreatitis. This helps single out the condition and explains why the test is suggested in pain in the upper abdomen.

Treatment of the infection includes bed rest, pain killers, and antibiotics. Food is withheld to rest the swollen and inflammed organ. Drugs that depress the nerves of the pancreas lessen activity of the structure. Now and then these nerves are severed with dramatic relief of pain. After the infection subsides, the physician may suggest removal of the gall bladder if stones are present or the structure otherwise is diseased.

THE PANCREAS is located deep in the upper abdomen, behind the stomach. Some of its cells manufacture insulin; others secrete powerful enzymes that aid in the digestion of fats and starches.

The duct leading from the pancreas joins a common tube through which both bile and pancreatic juices drain into the intestine. This passageway explains the association between the biliary tract and the pancreas. It is a vulnerable area because it opens up a direct route for infection from the intestine and the gall bladder to enter the pancreas.

SALT WON'T HELP

J. G. writes: Will rubbing table salt into the scalp twice a week keep the hair from falling out?

REPLY

Hair cannot be preserved with brine—like pork. Little can be done to prevent falling hair if the scalp is healthy otherwise.

SLOWING OF BODY

J. B. writes: Could a low metabolism cause sluggishness of the bowel and constipation?

REPLY

Constipation often is present in hypothyroidism. Send a stamped, self-addressed envelope for leaflet on low thyroid secretion.

MOSQUITO BAIT

Mrs. M. writes: Do mosquitoes stay away from people who eat very little sweets?

REPLY

No. I doubt if food has anything to do with attracting or discouraging mosquitoes. These insects must bite in order to taste the blood.

Stock Market Prices Point To Good Times

By SAM DAWSON

NEW YORK (AP)—Stock market prices as measured by the three most followed averages have made a new high. Some of the bulls at least are convinced that the prospects for industry and trade are good and getting better. And the public which usually looks to the stock market for such hints is likely to think so, too.

Record highs were set Thursday by the Dow-Jones index of 30 industrial stocks and the 30 Associated Press industrials. Standard and Poor's 425 industrials had reached a new peak two days earlier. All closed the week higher than the December 1961 or January 1962 records.

If these averages are used as a measure, the stock market had erased all of the losses in the troubled first half of 1962, including the steep drops of late May and June.

But many individual stocks had not. And some industry groups were still depressed. A lot of the bluest chips are still below their record highs, some well below.

So your view of the market is either exhuberant or disappointed, depending on what stocks you own and when you got them.

The Dow-Jones industrial index had dropped 199.15 points, from its old high of 734.91 set December 13, 1961, to a June 1962 low of 535.76. By Thursday it had bounced back 202.22 points to 737.98, and its Friday closing at 735.37 was still ahead of the old mark.

The index is weighted to allow for the many stock splits, substitutions and other changes in the list over the years. The actual average price of the 30 stocks was about $57 in the 1962 low and $73 at last week's high

The AP average of 30 industrials hit a low of 285.8 in June 1962 and was up 110.7 points to its new high of 395.1 Thursday, sliding to 395.1 Friday.

There are 21 stocks that appear on both lists. The AP index also is weighted for changes, but it started in 1935 compared with 1897 for Dow-Jones, and so the weighting is less, and the index figure smaller.

Standard and Poor's index began in 1957 and also is weighted for such things as the number of shares outstanding in each component. Its 1961 record was topped last week at 76.65, the 425 stocks sliding Friday to 76.53.

Although the Dow-Jones industrial index set a new high last week, only seven of the 30 stocks made their record tops this year. Of these two bettered their previous marks Thursday, one going still higher Friday.

All 30 sold below their top prices in 1962. Still standing are historic records set by 8 in 1961; 4 in 1960; 5 in 1959; 1 in 1958; 4 in 1956; while 1 goes back to 1955 for its best days.

Helping to send the market up have been: hopes of tax cuts, better than expected business gains, rising earnings and dividend payments, and above all the increasingly available money for stock purchases by pension, trust and mutual funds, and by banks and insurance companies.

TV Tape Recorder Is Being Offered

I-J SPECIAL REPORT

REDWOOD CITY — A television tape recording system for the home is offered for the first time in a luxury home entertainment console to be introduced this week by Ampex Corp. at the New York High Fidelity Music Show.

The new Ampex Signature V incorporates a compact videotape television recorder, television camera and television receiver along with a complete stereophonic high fidelity sound system for both record and playback. It can record television programs off the air or make home television tapes for immediate playback, in additioin to the more conventional functions of a stereophonic sound system.

A special timing mechanism permits the television recorder to be pre-set to record a given program while the owner is absent so that he may view or listen to it later. Also, the recorder will record one program while a different program is being viewed on the television set.

The Signature V is being marketed exclusively in the United States by Neiman-Marcus of Dallas and will be featured in its world famous Christmas catalogue. Price is $30,000.

The system is housed in a contemporary cabinet in hand-rubbed walnut with black leather detail. A color television receiver, automatic record turntable, AM-FM-multiple tuner, an Ampex F-4452 four-track audio tape recorder plus a full range stereo loud speaker system are also included in the console.

The recorder records black and white television pictures on magnetic tape much as an audio tape recorder records sound. It can record 90 minutes of off-the-air programs or home "movies" on a single 8-inch reel of tape and play all or part of it back seconds later through a television receiver. All or part of the tape may be erased and re-used hundreds of times or preserved permanently. The television camera for home recording weighs only 18 pounds.

The Signature V is manufactured at the Ampex plant here, and will be available for delivery beginning in December.

Muir Woods Mountain Fair Times Near

It's almost Mountain Fair time for the Muir Woods Park Improvement Assn. and the organization has set a meeting for 8 p.m. Friday to discuss the event, moving their regular meeting date up one week.

The fair will be Sept. 28 and 29, starting at 11 a.m. and continuing until sundown. At the clubhouse on Ridge Avenue off Panoramic Highway.

Paintings by Bay area artists will be shown in the clubhouse along with a special display of pottery by Sacha Makovkin of Mill Valley.

A shish kabob dinner will be served both days with Gerritt Otrton, associatioin president, and William Johnson, member, acting as chefs. A women's booth, under direction of Margaret Hardy, will feature garments for infants, toddlers, aprons for men and women; button-on toys, dolls and doll clothes; driftwood miniatures, mustard pickles, home-made bread, and sourdough starters.

Other features include the kite booth manned by Howard Winn, games provided by Del Carson, a Dixie band, craft exhibits and steam beer.

New School On Reed Agenda

The site utilization proposal for the new Marin Estates-Mariner Highlands elementary school and possible naming of the school are on the agenda of the Reed Union School district trustees meeting tonight at 8 o'clock at the Reed School.

Trustees will appoint lead teachers for each district school.

Also on the agenda are ratification of tax election officials and precincts for the Oct. 22 election and consideration of sale of bonds to bring the district to 95 per cent of capacity.

Artists' Work At Savings Office

An exhibition of paintings by Marin County artists is being displayed at the San Rafael office of Citizens Federal Savings and Loan Assn., 288 Northgate Center.

Included are oils and watercolors by Lenore Mitchell, Mabel Miller, Eve Van Neumann, Carl Raymond Martin, Dianne Ballinger, E. John Robinson and Winifred Koch.

Scientists have learned that the interior of cucumbers on the vines is 20 degrees cooler than the surrounding air.

REA Center Puts Visitors At 5,000

The 5,000th visitor was counted at the San Francisco-Redwood Empire Information Center this week, three months after the center's opening.

He was Maxwell H. Kingston, of Melbourne, Australia. Nearly 20 per cent of the center's patrons are from other lands.

Operated as a public service by the Redwood Empire Assn. and the San Francisco Convention and Visitors Bureau, the center at 476 Post Street now handles tourists at the rate of more than 100 per day, six days a week. Three uniformed girl receptionists dispense data on the city's attractions and those of the eight Redwood Empire counties to the north.

The attractive redwood-embellished offices just off Union Square have played host to visitors from Anchorage and Aden, from Emporia, Kans., and Eidsvall, Norway.

Its guest-book records signatures from Scotch Plains, N.J.; Sapporo, Japan; Blue Island, Ill.; and Buea, West Cameroon; Clyde, Ohio; and Honduras, Germany, Samoa, Ireland, Austria and every state in the union.

Lions Club In Mill Valley Sets Barbecue

The Mill Valley Lions Club will hold its eighth annual barbecue starting at 11 a.m. Sunday in Boyle Park. Games begin at 11 a.m. and the barbecue at 1 p.m.

A feature this year will be the "Ump-pah-pah" of the German Burgemeister Band of San Francisco, according to chairman James Canepa. The six-piece band will play from 1:30 to 5:30.

Games for children and adults will be under direction of Ernest Saunders. Children's games, for which prizes will be awarded, will include a dart throw, a gold fish booth, table tennis, ball shoot, and a make-up booth.

Club members will man a dunk tank, Canepa reported.

The menu, traditionally prepared by Joe Canet, retired police captain, will be barbecued chicken, Joe's special beans, marinated tomatoes and garlic French bread. Draft beer and soft drinks will be served and there will be a hot dog and hamburger booth. Barbecue dinners will be served until dark.

Tickets are available, Canepa said, through Lions Club members or at the barbecue.

Larkspur Bond Vote Is On Tap

Size and election date of a proposed bond issue for new classrooms will be discussed by the Larkspur School district board at 7:30 p.m. today in district headquarters, 20 Magnolia Avenue, Larkspur.

Last Aug. 1 trustees debated whether to ask for $350,000 or $700,000. A $700,000 issue was defeated last June 4.

Asst. County Counsel Douglas J. Maloney has said Dec. 17 is the earliest possible date for a new election.

Marin Youth Washes Dishes In Germany

(EDITOR'S NOTE: David Rosso, son of Mr. and Mrs. Henry Rosso, 121 Du Bois Street, San Rafael, is living and working in Germany. He has just moved from a small farm town to Munich and describes his impressions in this news letter.)

By DAVID ROSSO

I was standing all alone in the crowded Munich railroad station about to search for a room and a job. Two weeks later I found a room, but finding a job was much easier.

I started as a potato peeler in a restaurant. Four days and 12,000 potatoes later I started washing dishes for a restaurant. Here I have a room, four meals a day and enough money to get on my feet after having had to spend it on expensive hotels while looking for a permanent room.

Nothing need be said about the work. Washing dishes is washing dishes wherever you are. But the room is very interesting. I live with two Germans in a run-down room behind the restaurant. There is no hot water, no toilet and no heat except from a small pot-bellied stove.

I will work at this job for a few weeks until I begin my regular job at the Bayerishe Motorwerke AG. (BMW) which I got by writing to the mayor of Munich.

I saw much of Munich while looking for a room; there is too much to say about it and an amateur's description would not do it justice. Munich never sleeps as tourists and students constantly come and go. I plan to use the entire year to see all of the many art, history and science museums.

One of the most impressive sights of the city is Munich's Leopold Street in the Schwabing area. This is an existentialist section where the students display a nightly exhibit of their art. The sidewalks are lined with candle-illuminated paintings, copperware and pottery.

The city is much too great for casual analysis. Now I can only say that Munich is a city with much American influence, hourly bell tolling, many cathedrals, museums and flowing beer.
